Death Toll 160 in Tornado

LATE MAYOR OF CORK VICTIM OF INNER CIRCLE VENGEANCE; OTHERS MARKED FOR DEATH

WIND-SWEPT STATES EMERGING FROM DISASTER

Illinois is Hardest Hit of All, with Six-Million-Dollar Chicago Loss; Troops Guard Ruins.

(BY A. P. NIGHT WIRE.)
CHICAGO, March 29.—The death list of the Sunday tornado that swept sections of eight States stood tonight at 160. Communication with many isolated communities in the Midwest had only been partly restored today and indications were that the toll of death and destruction would be increased. The known dead in six Central Western States numbered 150, while fifty-five were killed in Georgia and Alabama. The property loss in the Chicago area was estimated at \$6,000,000. The other States affected suffered large losses.

Illinois was the hardest hit of the central States, with thirty dead, more than 1900 injured and 2000 homeless. Indiana reported thirty fatalities and Ohio twenty-six. The death toll in Georgia was thirty-eight, and in Alabama thirty. The damage there was estimated at \$2,000,000.

Illinois was the hardest hit of the central States, with thirty dead, more than 1900 injured and 2000 homeless. Indiana reported thirty fatalities and Ohio twenty-six. The death toll in Georgia was thirty-eight, and in Alabama thirty. The damage there was estimated at \$2,000,000.

TORNADO DEATH AND DAMAGE COMPILED IN FINAL SUMMARY.

(BY A. P. NIGHT WIRE.)
Revised reports from eight States swept by Sunday's tornado placed the number of dead at 160, with 195 in Northern States and 55 in Southern States. Property loss in Illinois was estimated at \$6,000,000; in Western Ohio, at \$2,000,000; in Georgia, more than \$1,000,000, while other States visited by the tornado reported much damage. Rail, telegraph and telephone communication was re-established with nearly all stricken communities in Illinois and Ohio, but Michigan reports many rural regions still cut off. The following fatalities were reported: OHIO, 26—Greenville and Nashville, 8; Van Wert, 3; Moulton, 3; Renolet and Brunersburg, 6; Genoa, 2; Raab's Corners, 4. INDIANA, 30—Adams county, 2; Allen county, 11; Jay county, 11; Steuben county, 1; Montgomery county, 1; Union City, 10. ILLINOIS, 30—Elgin, 8; Irving Park, 4; Melrose Park, 9; Maywood, 4; Plainfield, 3. ALABAMA, 17—Alexander City, 11; Agricola, 5; Cedar Springs, 1. MISSOURI, 1—St. Louis, 1. WISCONSIN, 1—East Troy, 1. MICHIGAN, 11—Fenton, 4; Battle Creek, 3; Hart, 1; Maple Grove Center, 3.

LATEST NEWS.

BURGULARS LOOT RESIDENCE OF DETECTIVE

The residence of Paul Blair, head of a detective agency, at 2419 Sunset boulevard, was burglarized early this morning. Mr. Blair reports that valuable jade jewelry and other gems were stolen.

EX-SERVICE MAN FOUND GUILTY OF MURDER

PRESCOTT (Ark.) March 29.—Nichan Martin, former service man, charged with the murder of Archer de Steunder, Canadian war veteran, while the two were on an automobile trip from Rhode Island to Los Angeles, was found guilty of first-degree murder.

SENTENCE EX-CLERGYMAN TO 1 TO 14 YEARS

OAKLAND, March 29.—John W. Wier, former clergyman, was sentenced to an indeterminate term of from one to fourteen years in San Quentin penitentiary today following his conviction on a charge of criminal syndicalism. The charge grew out of organization of the Communist Labor party here last November.

POPE BENEDICT ON THE IRISH QUESTION

ROME, March 29.—Pope Benedict will deliver a pronouncement on the Irish question at the canonization of Oliver Plunkett, the seventeenth-century archbishop of Armagh and primate of Ireland, in May. All Irish bishops will journey to Rome for the canonization and pilgrims are expected from American and European countries.

SAN FRANCISCO POLICE JUDGE INDICTED

SAN FRANCISCO, March 29.—Indictments charging criminal conspiracy were voted here last night by the county grand jury against Police Judge Morris Oppenheim, Peter McDonough, bail-bond broker, and Attorney C. Vincent Riccardi, stock and bond broker, by the grand jury after a session which extended into the morning hours.

LYNCH NEGRO FOR ASSAULTING YOUNG GIRL

MAYVILLE (Ky.) March 29.—Grant Smith, a negro, alleged assailant of Ruby Anderson, 14, tonight was lynched by a mob from a telephone post in Fleming county, Ky., and prime of Ireland, in May. All Irish bishops will journey to Rome for the canonization and pilgrims are expected from American and European countries.

DENIKINE VOLUNTEERS DESERT TO BOLSHEVIKI

AMERICAN CRUISER NOT FIRED ON WHEN SOVIET TAKE NOVOROSISK. (BY CABLE AND ASSOCIATED PRESS.) NOVOROSISK (Russia) March 29.—Occupation of this city by Bolshevik forces occurred Saturday morning at 10 o'clock.

Thousands of Gen. Denikine's volunteer soldiers went over to the soviet side, and most of the remainder went on board ship and departed for Crimea with Denikine. The only ships which resisted occupation of the city by the Bolsheviks were Russian which fired a few shells at the soviet forces. The United States cruiser Galveston was the last warship to leave the harbor and was not fired upon, although British and French warships were under fire from Bolshevik machine guns while departing.

Virtually all shipping of value was removed from the harbor before the Bolsheviks gained control of the city.

FIRST HUNGARIAN ASSEMBLY WOMAN.

(BY CABLE AND ASSOCIATED PRESS.) BUDAPEST, March 29.—Margaret Schiacta was elected a member of the Hungarian National Assembly in the by-election held in the first district of this city this week. Frau Schiacta, who is thus given the honor of being the first woman member of the Assembly, won an overwhelming victory over two males.

FRENCH DEPUTY WARNS OF REVOLUTION PLANS.

(BY CABLE AND ASSOCIATED PRESS.) PARIS, March 29.—Senator Henry Chéron, former Undersecretary of War, asked in the Senate today what measures the government intended to take against Bolshevik propaganda in France, conducted by Frenchmen. Misguided citizens, he said, were methodically organizing a revolution.

The French cited the Socialist Federation Congress in February where nearly 10,000 votes supported the motion of M. Loriot, in favor of a proletarian dictatorship, the installation of soviet and of an armed insurrection.

RAIL STRIKE IN MEXICO? April 2 is Limit to Grant Demands.

Two Divisions of Southern Pacific Affected; Shorter Hours, Rise Asked. Management Refuses to Recognize Union, Report; Gov. Huerta's Aid Sought.

(BY A. P. DAY WIRE.) AGUE PRIETA (Son., Mex.) March 29.—Unless demands presented by the Railroad Men's Union of Mexico are granted by April 2, a general strike on all the lines of the Southern Pacific de Mexico will take place on that day. Gov. De la Huerta stated in a telegram today to railroad officials here.

The strike order included the Cananea, Son., and Sinaloa divisions from Nogales, Son., all the way down the west coast. According to the demands presented to the superintendent of the Mexican roads, the railroads ask for an increase in wages and the recognition of eight hours as a day's work, with extra pay for overtime. It is reported that the management is not disposed to recognize the union in which its employees are employed.

Before going on strike in an endeavor to give pressure toward bringing about their demands, the men have called on Gov. De la Huerta, soliciting his aid, to which end his Excellency has agreed to a conference at Hermosillo with the support of the lines.

STRIKERS HURT THOUSANDS. CHICAGO, (A. P. Day Wire.)—Nearly fifty thousand employees of packing companies here will be thrown out of work by the strike of the Union Stockyards and Transit Company, who went on strike Saturday at midnight, remain out, packing company officials said today.

"We have enough live stock on hand for today," said an official of the Union Stockyards and Transit Company. "After that we must gradually close down if the strike continues and a week will see all departments of the plant closed."

The Chicago Junction Railroad has notified roads here that no live stock for the Union Stockyards and Transit Company will be accepted. Stock in transit to Chicago will be handled as conditions permit.

Packing company officials say that the number of men on strike is only about 900. This includes the stock handlers, the cleaners and the unfores. In violation, it was said, of the agreement that all wage disputes be settled before Judge Alsdorf.

As a result of the strike more than 350 cars loaded with stock were stranded at the city. N. P. Murphy, president of the Stockyards Labor Council, conferred with Judge Alsdorf today, but the judge was said to have refused to hear details of the controversy.

"To hear or consider nothing until the men return to work," he said. RIO DE JANEIRO TIE-UP ENDS. (BY CABLE AND ASSOCIATED PRESS.) RIO DE JANEIRO, March 29.—The

OTHERS MARKED FOR DEATH

(BY CABLE AND ASSOCIATED PRESS.) LONDON, March 29.—"Official inquiries in Ireland have proved beyond a doubt that Thomas MacCurtain, Lord Mayor of Cork, assassinated a week ago Saturday night, was actually a victim of Sinn Fein vengeance," says the Daily Mail. It declares it has obtained its information on "unimpeachable" authority.

DANES ARE IN REVOLT.

Populace Demands a Republic. Throngs Fill Public Squares Insisting that Days of Monarchy End.

(BY CABLE AND ASSOCIATED PRESS.) COPENHAGEN, March 30, 12:30 a.m.—Large crowds fill the public squares demanding establishment of a Danish republic, and all streets leading to the royal palace are held by police. King Christian last night received a Socialist deputation, with which he conversed half an hour. Demands were submitted and the King promised a definite reply at 9:30 o'clock this morning.

COPENHAGEN, March 29.—M. Liebe, an advocate in the high court, has formed a new Cabinet to take the place of that of M. Zahle. M. Liebe is a well-known Conservative politician. He is not a member of Parliament.

LONDON, March 29.—A deputation of trades-unionists and Socialists visited King Christian Monday evening and notified him that, unless he revoked the dismissal of Premier Zahle, a general strike would be called throughout Denmark next Wednesday, says an Exchange Telegraph Copenhagen dispatch.

GERMANS ENTER RUHR; FAIL TO ASK ALLIES.

(BY CABLE AND ASSOCIATED PRESS.) PARIS, March 29.—Absolute confirmation of the entrance of regular German army troops into the Ruhr district, on the edge of the Allied zone of occupation, without any permission from the Allies, has been received by the French Foreign Office, it was declared today.

The subject, it was said, will probably come up before the Supreme Council in London. The French say they can find no excuse whatever for the sending of troops into this section.

(BY CABLE AND ASSOCIATED PRESS.) CONSTANTINOPLE, March 29.—The future of American schools in Turkey, especially Syria, is causing uneasiness in American official and educational circles here. The French already have intimated that one French instructor should be placed in each institution and in some circles this is regarded as the first step in a probable movement by the French for domination in the schools.

There are about seventy American schools in Syria, over which France is trying to obtain the mandate. These represent an investment of more than \$2,000,000, subscribed by Americans. They have more than 10,000 persons in attendance. The largest school is Beirut College.

There are American schools, hospitals and orphanages at Aleppo, Damascus, Antab, Adana, Marash and many other places in territory which the French desire to control. French schools in Syria virtually all are subsidized by the French government.

There are also American schools in Smyrna, Adalia and other cities in Anatolia, where the Italians and Greeks are claiming mandates, but these nations, so far as is known, are making no effort to supervise them.

American educational interests are especially large in Constantinople, where Robert College and the Constantinople Woman's College are the leading educational institutions of Turkey. The local American investment in these schools is about \$2,000,000.

SAY SOCIALISTS MUST GO.

Unseating of Radical Assemblymen is Decided by New York Legislators. (BY A. P. NIGHT WIRE.) ALBANY (N. Y.) March 29.—Unseating of the suspended Socialist members of the Assembly will be recommended in a report to be submitted tomorrow to the Assembly by the Judiciary Committee, which investigated the charges of disloyalty against the Socialists. This decision was reached at an executive session of the committee late tonight. The majority report will be signed by seven of the thirteen members.

Five members of the committee have signed a minority report declaring that the Socialists should be returned to their seats. Another member will recommend expulsion of August Kohn, Louis Waldman and Charles Solomon and the seating of Samuel Orr and Samuel A. Dewitt.

(BY A. P. NIGHT WIRE.) WASHINGTON, March 29.—Following completion of his examination by the Senate investigating committee, Ludwig Martens, agent of the Russian soviet government, was surrendered late today to the Department of Labor. Assistant Secretary Post released him in custody of his counsel, former Senator Hardwick, to appear Wednesday to answer a warrant of deportation, when a preliminary hearing will be held.

Asst. Atty.-Gen. Garvan said the Department of Justice had submitted a "perfect" case of deportation to immigration authorities. Martens discussed the status of Boris Bakhmeteff in the United States.

Introducing State Department letters to show that all the diplomatic representatives of the former Russian regime still were recognized by the United States, Martens said the purpose of the letters was to discourage American business men from dealing with him "as the representative of Russia."

TRY TO SHOW UP SIMS. IN ANTILLES CHARGES. (BY A. P. NIGHT WIRE.) WASHINGTON, March 29.—Efforts to controvert testimony of Rear Admiral William B. Fletcher that his orders regarding the convoy in which the transport Antilles was sunk were disclosed marked the conclusion today of the court-martial cross-examination by the counsel for Rear Admiral Sims, before the naval court investigating his removal from the fleet in October, 1917.

Admiral Fletcher would not admit that because his specific order did not enjoin Lieutenant-Commander Freeman, escort commander, to hold the convoy together, it was "illegal" to obey when the convoy proceeded in two divisions. Commander Freeman violated established practice, he insisted, as the general plan of operation was "understood" at the time prohibited the sailing of single convoys. He contended the written order should have been construed in the light of this general doctrine.

Admiral Fletcher said lack of definite information concerning arrival of troops conveyed off France had made it difficult for his escort forces to protect them in unknown French waters. Communication from the convoys to shore was not permitted, he said, and there was often a wide discrepancy between the actual and predicted time of arrival.

Capt. Thomas P. MacGruder, Admiral Fletcher's chief of staff at Brest, arrived today from Paris, where he is detailed as naval attaché, to appear before the court-martial, to appear before the court-martial, to appear before the court-martial.

Evening Clothes for Post-Easter Entertaining

EASTER marks the renewal of formal entertaining. Evening clothes are required for such events. Woolf & Bean's Full Dress and Tuxedo suits are strictly in keeping with the dictates of the most exacting function.

Woolf & Bean

"The Full Dress Men"
Merchants Bank Bldg.

Floor Sixth and Spring

A Big Money's Worth

The building lot in the foreground, 44x125 feet to a 12-foot alley, south front, is on West 42nd street near Van Ness avenue.

Note how clean and attractive the surrounding district looks. That is the way it is everywhere in New Vermont Square. A nice class of people, most substantial and attractive homes, and clean, rigidly restricted surroundings. The principal of the school—a fine fireproof building—in this neighborhood says that he is very proud of the class of pupils attending his school and that they are making a wonderful record. There are 537 real, model, American homes in this square. Vermont Square library, Manual Arts High School, University of Southern California and Exposition Park are within easy reach.

The rich loamy soil is easily worked, perfectly self-drained and grows splendid garden and lawn.

The pre-war selling price of this lot was \$1000. For a short time only you can buy it for \$800, cash or terms. You can see that it is a very genuine value and a very low price. How long you suppose it will be before this lot will have a market value above \$1000? Probably much sooner than you think. It is a safe investment and a wise purchase for present or future homebuilding.

NITTI PROFFERS HAND TO SLAVS.

Does not Regard Them as Enemies, but as Friends.

Hopes They will Partake of Italian Advantages.

Condemns Section of the Press Demanding Fiume.

(BY CABLE AND ASSOCIATED PRESS.)

ROME, March 29.—Premier Nitti declared in the Chamber of Deputies today that he had never regarded the Jugo-Slavs as enemies, but had regarded them as friends. He expressed hope that they would soon partake of Italian economic and cultural advantages and deplored what he described as a "dangerous press campaign which is calculated to foster distrust among the Jugo-Slavs."

"While anxious to bring about a friendly understanding with the Jugo-Slavs," he declared, "there is another solution to demand the enforcement of the pact of London. France and Great Britain have stated that if Italy desired the application of the pact they would not refuse, as they hold themselves bound by it. If Italy is compelled to demand the carrying out of the convention it will be necessary to ask its complete enforcement without including Fiume."

Signor Nitti condemned that section of the press demanding the pact and also Fiume and said he had told the Supreme Allied Council in London "that if Italy required the enforcement of the treaty she would concede autonomy to Dalmatia."

"If no other agreement can be reached," he continued, "a third solution of the Adriatic question may be to accept, with suitable modifications, proposals formulated by Great Britain and France. This solution is desired still less by Jugo-Slavs than by Italy, but nevertheless it is necessary to keep it in mind while continuing our efforts to report an adjustment with the Jugo-Slavs."

Second Trial of Frank McCormick Drags On.

Draw Panel to Hear Case of St. Louis Girl.

Oakland Syndicalist is Sentenced to Long Term.

(BY A. F. NIGHT WIRE.)

MARYSVILLE, March 29.—Extreme difficulty was encountered today in efforts to obtain a jury for the second trial of Frank McCormick on the charge of murdering Charles Brown, healthy rancher, on a Hout ranch here last year. A special venire of 100 was exhausted and another special venire of fifteen was ordered called for tomorrow's session.

Thirty veniremen were excused on account of illness and other causes and two were dismissed when they expressed prejudice against infliction of capital punishment.

Mrs. Gertrude Wilson, a sister of McCormick, who was acquitted of a murder charge in connection with Brown's death, was in court today seated in a family group about the defendant. Mrs. Frank McCormick was in court as was Fred Wilson, San Francisco news writer, husband of Mrs. Wilson and owner of the ranch near Hout, where Brown was killed November 1.

Dist. Atty. E. Ray Maxwell did not disclose today the nature of important new testimony which he said would be introduced at this trial.

At McCormick's first trial no denial was made that he killed Brown. McCormick said he had shot Brown in self-defense after Brown had fired at him wounding him in the jaw. This occurred, he said, after a quarrel over attention said to have been paid by Brown to Mrs. O. J. Howard of Oroville, McCormick's sister.

A medical examination of each defendant by either the prosecution or defense, Judge E. F. McDaniel, through agreement between counsel, asked if prejudice was held against infliction of the death penalty.

The two talesmen who gave an affirmative reply were excused.

ST. LOUIS, March 29.—The trial of Ursula Broderick, 22 years old, on a charge of first-degree murder for killing her stepfather, Joseph F. Woodcock, last April, was adjourned late today until Wednesday, following selection of a venire of forty-seven men from which it is expected a jury will be chosen.

SYNDICALIST SENTENCED.

OAKLAND, March 29.—Denying John G. Weller, convicted of criminal syndicalism, a motion for a new trial and an arrest of judgment, Judge James G. Quinn today sentenced him to San Quentin for a term of one to fourteen years on all four counts on the indictment upon which he was tried and convicted. A seven-day stay of execution was granted Weller to allow him to have his teeth fixed.

SACRAMENTO, March 29.—Application of Fred G. Anthony, formerly superintendent of the Good Templars home at Vallejo, for a new trial on a charge of improper conduct toward girl inmates of the home was denied by the Third District Court of Appeal today, Judge J. F. Ellison dissenting.

Anthony was found guilty by a jury in the Solano county court and given an indeterminate prison sentence. The application for a new trial alleged that questions without bearing on the case were asked witnesses by the District Attorney and by the means the jury was improperly influenced.

ELAINE NEGROES FREED.

LITTLE ROCK (ARK.) March 29.—The Arkansas Supreme Court today affirmed the death sentences imposed on six of the twelve negroes condemned for murder in connection with the Elaine riots last October and reversed the other two and remanded their cases for new trials.

The court's decree did not discuss the merits of the testimony produced at the trials.

NEW YORK, March 29.—Harry Whittaker, executive secretary of the New York Communist party, convicted Friday of violating the State's criminal anarchy law, today was sentenced to not less than five nor more than ten years in State prison.

Asst. Dist. Atty. Rorke announced tonight he had wanted the police department's bomb squad that the Communist party of America was seeking alliance with the Communist Labor party for forcible overthrow of the government.

Mr. Rorke declared this alliance had not been completed. He added, however, that national headquarters had been moved here from Chicago, but efforts to locate this headquarters had proved unsuccessful.

WENATCHEE (WASH.) March 29.—E. J. Marx, Leo Catron, Tom McCov and Ed Calgin, four convicted I.W.W. who have been sentenced to from two to ten years in Walla Walla, escaped from the Chelan County Jail last night and are now at large. They used a key to get out of the cage and then dug a hole through the outer wall of the building.

Three, other convicted I.W.W. were in the same cage, but refused to make the break with them. A reward for their capture will be offered by the county officials.

DEADWOOD (S. D.) March 29.—A forceful blow on the left side of the head is the only thing that could have caused the defection of the law of Mrs. Hilda Neamy, Dr. G. C. Farie, a Denver dentist, testified today at the trial of Mr. and Mrs. George Searle, charged with her murder.

Mrs. Neamy's body was found in the furnace of her apartment-house at Lead. The defense contends she crawled into the furnace in an effort at self-destruction. Mrs. Neamy was Mrs. Searle's mother.

RUMANIA ASKS HELP OF JAPAN.

(BY CABLE AND ASSOCIATED PRESS.) LONDON, March 29.—Rumania is appealing to Japan to help in reconstruction of the country and is hoping to obtain there some things which Rumania needs desperately, said Crown Prince Charles, March 14, to the correspondent of the London Daily Mail at Cairo, where he stopped on his way to the Far East on a special mission.

BORAH STUMPS FOR JOHNSON.

Reason for Rabid Attack on Wood is Revealed.

Throws Mud at Army Man to Boost Californian.

McAdoo Furnishes Indorsement for Idaho Senator.

(BY A. P. DAY WIRE.)

WASHINGTON, March 29.—Re-heralding his charges of excessive expenditures in the interest of Maj. Gen. Wood's candidacy for the Republican Presidential nomination, Senator Borah, Republican, Idaho, telegraphed Gen. Wood today declaring that unless the practices of the Wood campaign were corrected they would "bring disgrace upon your name, upon your party and upon your country."

"Information from various States," the message added, had convinced Senator Borah that his previous statements about the Wood campaign expenditures were "modest."

BORAH IS FRANK.

The message follows: "Free dispatches state you claim the attack upon you was to sway the voters of Michigan. You are in part correct."

"It is intended to sway the voters not only in Michigan, but in the United States. I know of no other tribunal to which to appeal to correct these practices."

"But it is only an effective provided the facts I stated are correct. It is within your power to give to the people of Michigan, and other States a list of your subscribers, the amount you are expending, the amount which you did expend in South Dakota, the amount which you propose to expend, for instance in Ohio and Illinois."

"If you will make a statement of these facts over your signature I will correct any erroneous statements which I have heretofore made."

"The material which is coming from South Dakota, Illinois and Ohio convinces me that I was modest in my statements."

"Gen. Wood, if you are not familiar with what is going on in your behalf for the Presidency, I take leave to assure that unless you familiarize yourself and correct it, you will bring disgrace upon your name, upon your party and upon your country."

"It is up to you as a soldier, and as a man, to come out boldly and meet these facts and either show the public that they are unfounded or else repudiate the men who have manifested their determination to control the national convention through the use of money."

CAMPAIGNS FOR JOHNSON.

Senator Borah sent the telegram before he departed for Michigan to speak in the interests of the candidacy of Senator Johnson of California.

A letter from William G. McAdoo, former Secretary of the Treasury, endorsing Senator Borah's appeal for Federal control of campaign expenditures, was put into the Senate record today by Senator Sheppard, Democrat, Texas.

Mr. McAdoo also declared himself in favor of a Congressional investigation of such expenditures as suggested by Senator Kenyon, Republican, Iowa.

ROBBERS DISCARD A FORTUNE IN DIAMONDS.

SEATTLE FAMILY HELD UP BY MEN WHO THROW AWAY \$15,000 GEM AND WATCH.

(REUTERS DISPATCH.) SEATTLE, March 29.—Twelve do not appreciate diamonds. This was clearly disclosed when a magnificent eight-carat diamond ring was found sparkling in the mud alongside of an abandoned automobile. Both had been stolen by armed bandits from Cyril C. Cohen and his sisters, Miss Ruth Cohen and Mrs. Joseph Dant.

The diamond thrown so carelessly by the men, is known among jewel connoisseurs all over the world as the Tabor diamond, it having formerly belonged to the late United States Senator H. A. W. Tabor, of Colorado, one of the most spectacular figures in the early mining history of that State. The gem is valued at \$15,000.

Near the diamond, in the mud, was also found a diamond-encrusted platinum watch. It is believed that the bandits were ignorant "rough-necks" who, never before having seen so splendid a diamond, thought it was glass, while to the ignorant the platinum watch may have seemed a tin toy, adorned with cheap brilliants.

The Cohens were returning home from a theater when two masked bandits held them up, compelled the women to give up their jewels, took Mr. Cohen's watch and money and then drove away in the automobile, leaving their victims standing in the road. The finding of the automobile and the jewels reduces their loss to about \$2500.

Before the diamond came into Senator Tabor's possession its history is uncertain, but it has been generally understood that it belonged to a certain English family of ancient title, whose waning fortunes compelled the selling, in secret, of magnificent heirlooms.

HIGH-PRICED HOPS RAISED FOR EXPORT.

(REUTERS DISPATCH.) SACRAMENTO, March 29.—Predictions made last fall that hop prices in the Sacramento Valley would reach 75 cents a pound this year, were fulfilled with little delay. Two hundred bales of 1919 crop hops were sold at auction in the Sacramento Valley today, the prices ranging from 45 to 55 cents per pound. All of this year's crop now being contracted for is for export. The high prices being offered on three-year contracts undoubtedly mean that hop production in Europe will not be normal again short of that time, and until Europe is producing again as formerly, American growers will enjoy something akin to a monopoly.

RUSSIAN RAILROADS IN GHASTLY SHAPE.

ONLY 10,000 LOCOMOTIVES, HALF OF WHICH ARE WHOLLY USELESS.

(BY CABLE AND ASSOCIATED PRESS.)

MOSCOW, March 28.—A survey of the transportation system in Russia recently published shows the difficulties of restoring normal railroad conditions without an extensive importation of rolling stock and some development of the railroad industry.

In 1914, the survey says, the number of locomotives in Russia was approximately 20,000, with 16 per cent. unfit. The present number is 10,000, with 55 per cent. out of commission or in need of repairs, and the number of trucks is 25,000.

At the beginning of the war, there were 25,000 vehicles of lines in operation, with twenty-eight locomotives to each 100 versts. Now there are 10,000 locomotives and 45,000 cars. The maximum possible production of Russian shops before the war was 1500 locomotives and 45,000 cars yearly. The number of locomotives retired annually was 1200 and trucks 30,000. Assuming that the government operates 40,000 versts, 15,000 locomotives and 450,000 cars will be required.

MEXICO BARS OUTSIDE PROTECTION FOR OIL.

THINGS WILL LOSE THEIR RIGHTS: NO AMERICAN COMPANIES AFFECTED.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 29.—Invocation of the protection of a foreign government by oil companies operating in the Federal zone in Mexico will lay the concerns open to cancellation of their rights under a decree issued March 17 by Carranza. It affects only those operating under concessions granted by the Mexican government, none of which is American, and was made public today by the State Department.

The decree, effective pending enactment of new oil legislation by the Mexican Congress, prohibits any individual or company, except Mexican, to hold concessions for oil development. It further states that "the installations and the concessions may be adjusted void in the case of failure to comply with the provisions for the drilling or payment of royalties or rental charges, violation of provisions relative to the transfer of the concessions, the admission of partners, or in case of practicing fraud against fiscal interests, or where the gray for the protection of other governments."

The Federal zones to which the decree applies are the land within ten kilometers of all streams, twenty kilometers of all navigable streams and fifty kilometers of the sea coast. No oil-producing wells have been drilled within this zone.

DANISH CABINET QUILTS AT REQUEST OF KING.

DIFFERED OVER FLENSBURG PLEASURES; MINISTRY FORMED IN 1913.

(BY CABLE AND ASSOCIATED PRESS.)

COPENHAGEN, March 29.—The Cabinet of C. T. Zahle, Premier and Minister of Justice, resigned today. The ministry was formed June, 1913. The king demanded the resignation of the Cabinet because of differences which had arisen concerning the plebiscite in the Flenburg region and called the Liberal leader, M. Neergaard, to form a Cabinet. It is presumed that M. Neergaard has a ministry ready to assume office, as M. Zahle has not been asked to continue in the interim.

Folketing describes the event as "a unique coup d'etat in Danish constitutional history, the unexpectedness of the downfall of the Kahle ministry is emphasized by the fact that the king's holiday yesterday began the Easter holiday and most of its members already are on the way to their homes."

The progressive parties of Denmark, will reply to the king's dissolution of the Cabinet today by proclaiming a republic, the Koebenhavn says it is rumored.

CLEMENCEAU TO SPEND EASTER IN JERUSALEM.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, March 28.—Former Premier Clemenceau, who has been in Egypt for several weeks on a tour of recreation, has returned to Cairo from the Sudan and is proceeding to Palestine. It is announced in Cairo messages.

He will spend the greater part of Holy Week in Palestine, planning to be in Jerusalem on Good Friday, and will sail for France from Alexandria on April 22.

GALLIPOLI HERO TO BE DEPORTED

British Colonel Wanted on Diamond Fraud Charge.

English Ship Owners Lose Appeal in Supreme Court.

Herman Wessels, Alleged German Spy, Ordered Held.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 29.—Charles Glenn Collins, former colonel in the British army, today lost his fight in the Supreme Court to prevent deportation to answer charges of having obtained valuable jewels in Bombay, India, by fraud. He was arrested in New Orleans two years ago at the request of the British authorities, but escaped last September, only to be recaptured aboard an outbound vessel.

NEW YORK, March 29.—British authorities, in asking for the arrest of Charles Glenn Collins, were obligated to overlook an excellent record established by Collins as a colonel during the war. His career in Gallipoli was said to be especially commendatory.

His activity as a soldier, however, interspersed several legal entanglements, beyond recall, and in the United States. He had been married three times.

SEAMAN'S ACT UPHELD.

(BY A. P. DAY WIRE.)

WASHINGTON, March 29.—The Supreme Court, in deciding appeals brought by British ship owners, today upheld the constitutionality of the provisions of the La Follette Seamen's Act relating to the payment of wages to seamen upon demand.

Federal court decrees holding that the provisions apply to foreign seamen on foreign vessels while in American ports were sustained by the court. The appeals resulted from libel proceedings brought against the British steamers Stathearn and the

MONTEREY TREASURY PLUNDERED, CHARGE.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, March 29.—Ralph F. Roberts, assistant cashier of the Monterey County Bank, was released on \$15,000 bail here tonight on a charge of stealing \$10,000 of county funds of which he was custodian.

Roberts was arrested today on a warrant sworn to by County Treasurer James Taylor, who said Roberts, on December 2, turned over to the treasury only \$5,000 of county funds when he had been supposed to transfer \$105,000. Taylor said the deficiency was discovered soon afterwards and that he had employed detectives, upon whose reports he had sworn to the warrant.

BOY RECEIVES NOTE FROM GEN. PERSHING.

(REUTERS DISPATCH.)

SACRAMENTO, March 29.—The proudest boy in Sacramento is John Robert Philip, youthful orator who delivered an original recitation in the presence of Gen. Pershing when the noted army leader visited Sacramento recently. Master Philip received a letter from Gen. Pershing this week and was addressed by the general as "My Dear John."

State's Largest Lemon Pack Plant.

(REUTERS DISPATCH.)

SACRAMENTO, March 29.—The largest and most modern lemon processing and packing plant in California has just been completed at Maxwell, Colusa county. It will handle the product from the greater portion of the Sacramento Valley, particularly the Mills Orchard Company's property, which has 700 acres of lemon trees.

RAN MINERS OUT TO SAVE BISBEE

Killing of Women, Children Feared, Defense.

Patriotism Prompted Sheriff to Help, He Says.

Spectators Leave Courtroom Under Judge's Order.

(BY A. P. NIGHT WIRE.)

TOMBSTONE (Ariz.), March 29.—Patriotism and the desire to prevent bloodshed on the streets of Bisbee, Ariz., prompted him to deport 194 striking copper miners and their sympathizers from Bisbee to Columbus, N. M., July 12, 1917, Capt. Harry C. Wheeler, former Sheriff of Cochise county, today told the jury that is trying Harry E. Wootton on a charge of kidnapping in connection with the deportations.

"I feared that men, women and children of both sides would be killed in the streets of the town," Capt. Wheeler, who is the principal witness for the defense, testified.

"And I was thinking of my country."

The witness repeated some of the expressions he said he heard from agitators during his investigation into the situation in the Warren district immediately prior to the deportations. Much of the language was unprintable. Judge Samuel L. Patten requested the women present to leave the courtroom when Capt. Wheeler introduced the nature of the quotations.

SLURRED THE DRAFT.

"To slurred with the draft" and "the red button over the Liberty Bonds" were among expressions the witness testified he heard. (Other agitators declared in obscene language that just as the Russian government had been wrecked, so would the government of the United States be wrecked by radical elements, Capt. Wheeler said.)

A proclamation signed by Wheeler, issued July 12, 1917, the day of the deportations, urging all women and children to keep off the streets that day, was read by Wheeler, chief counsel for the defense, who examined the witness.

"I have formed a Sheriff's posse of 150 men in Bisbee and Douglas, all loyal Americans, for the purpose of arresting on charges of vagrancy, treason and of being disturbers of the peace of Cochise county, all those strange men who have congregated here from other parts and sections for the purpose of harassing and intimidating all men who desire to pursue their daily toil," the proclamation read.

"We cannot longer stand or tolerate such conditions. This is no labor trouble, we are sure of that, but direct attempt to overthrow the government of the United States."

ASKED NO SHOOTING.

"I therefore call upon all loyal Americans to aid me in peacefully arresting these disturbers of our national and local peace. Let no shot be fired throughout this day unless in necessary self-defense, and I hereby give warning that each and every leader of the United States strikers will be held personally responsible for any injury inflicted upon any of my deputies while in the performance of their duties as deputies of my posse, for whose acts I in turn assume responsibility as Sheriff of this county."

"All arrested persons will be treated humanely and their cases examined with justice and care. I hope no resistance will be made, for I desire no bloodshed. However, I am determined if resistance is made, it shall be quickly and effectively overcome."

Questioned by Mr. Burgess as to why he did not confine his prisoners in some part of the county, he testified that he had no place to hold them, Capt. Wheeler replied:

JAILS WOULDN'T HOLD THEM.

"The jails of the county could hold 150 men. But even if I had room for them all, I know that other foreigners would have poured in from all parts of the country. I knew that the I. W. W. had a way of getting some of their number arrested so to fill the jails and prevent the police from curbing other disturbers."

Regarding his efforts to get State national aid in coping with the situation he had testified confronted him, the former Sheriff said he had sent a telegram to the governor of the State but had received no aid.

Admission of a number of exhibits said to deal with the alleged anti-concentration activities of the I. W. W., however, was taken under advisement by the court. The State will cross-examine Capt. Wheeler tomorrow.

"If the I. W. W. are tried for espionage in this case, I'll dismise it," County Attorney Francis declared. It was when they were temporarily blocked in the effort to get this evidence before the jury that attorneys for the defense called Capt. Wheeler to the stand.

WOOD WILL PUT REAL FARMER IN CABINET.

(BY A. P. DAY WIRE.)

WASHINGTON, March 29.—The direct representative of the farmers in the President's Cabinet, the Secretary of Agriculture, should be a practical farmer, "not a theorist," according to a letter from Gen. Wood to N. J. Bachelder of New Hampshire, former master of the National Grange, made public here.

"In no line of human endeavor," Gen. Wood said, "is there without practical experience more useless and more harmful, less productive of confidence or of result than in farming."

POSAM QUICK TO CONTROL WORST ECZEMA

Just call on Posam to bring you the comfort your suffering skin craves. Let us help you to be free of all skin disorders which mark your skin as needing attention. Unless you have actually seen Posam's work and know exactly it takes him, everything the itching at once, you will hardly believe its effects possible in so short a time. If Eczema, Posam's action appears all the more remarkable, when the itching is so persistently stubborn and nothing else seems to bring lasting relief. Posam is sold everywhere. For free sample write to Posam Laboratories, Dept. 415, West 41st St., New York City.—(Advertisement.)

EMERGENCY PLANTS BURDEN.

Taft Asserts Disposition of Factories Built for Speed During the War is Now Proving Important Problem; May Continue Their Use.

BY WILLIAM HOWARD TAFT.

An important problem which the government has as one of the sequelae of the war is the disposition of the enormous plants which, in anticipation of a war of longer duration, were erected in various parts of the country properly to equip our army at the front.

They were built in such haste that no considerations of economy were consulted, and their cost was far in excess of that of a plant which would be erected by private capital for similar purposes in time of peace.

If purchasers could be found, which is doubtful, the government would have to be content with enormous sacrifices in the price. The question is presented whether the government may not, by an operation of the plants for peace production, make more salvage out of the situation than by scrapping the plants or by attempting to find a purchaser at a totally inadequate price.

A case in point is the nitrate plant at Florence, which has a total expenditure of some \$60,000,000 or \$70,000,000 occurred in the development of the plant, which is now the buildings and machinery and appliances needed in the making of ammonium nitrate, which is used in the making of explosives.

The capacity of the nitrate plant is estimated to be something over 100 tons of ammonium nitrate a day, a sufficient supply for an army of twenty divisions, of 400,000 men.

UNUSUAL COURTESY. Only about one-fifth of the plant has been operated under practical conditions.

This showed that so far as the attainment of the immediate object is concerned, the plant is a success. It is probable that it can be used to increase the supply of a much-needed fertilizer. Just what form of product it should make has not yet been definitely determined. A steam power plant costing \$13,000,000 was erected at Florence, because it was thought that the dam across the Tennessee River at a little below the foot of the Muscle Shoals from which power was ultimately to be secured could not be ready in time to meet the urgent demand. The construction of the dam is now well under way.

It is said that it will supply over 250,000 horse power during nine months of the year and not less than 100,000 horse power during the entire twelve months.

If this power is not to be used in the nitrate plant, it will have to be sold to private manufacturing establishments to be attracted there. The dam will contain locks and will disperse with the use of the more important locks and canals already erected along the Muscle Shoals, and will improve the navigation of the river.

WANT PLANT CONTINUED. A number of farmers' associations of the country have expressed themselves in favor of continuing the use of this nitrate plant to add to the supply of fertilizer which it is capable of making.

Objection is made to the government's entering such business by the manufacturers of the by-products of the coke, who furnish a similar fertilizer.

On general principles the government should not enter into competition with private enterprise in such a purely commercial business; but the circumstances here are exceptional.

The nitrate plant is a most important addition to the preparation of the government for war and would make us independent of the nitrate beds on the west coast of South America. It would seem wise, therefore, to maintain the plant and in so doing to save the cost of its maintenance by profit from a peace product that would not interfere with the use of the plant when the war exigency arises.

It is well to note that the demand for this form of fertilizer is so great that it is unlikely that the by-product coke producers will be seriously injured by the competition of the government.

LABOR FEDERATION TO ENTER POLITICS.

(EXCLUSIVE DISPATCH.) **TUCSON (Ariz.)**, March 29.—There appears to be hearty support in Tucson for the plans of the State Federation of Labor to enter politics this fall.

President Leroy Kennedy has advised all local "red" men that a good union man or good friend of labor is nominated for the Legislature in each district, and this holds good for other offices. If no candidate appears upon whom the workingman can absolutely depend, induce a good man to come out and then nominate him. If an aspirant is inclined to nominate him on one ticket, concentrate on the other party. The main thing is to have your candidate nominated on one of the other of the predominant party tickets and then go to the ball and elect him by a majority that will be a warning to the reactionary enemies of labor for years to come. Do not rely upon promises. Look up his record. Be sure of your man.

There is to be a county delegate convention April 30, and thereafter will come a State convention in Phoenix.

JURY TO TRY WOMAN.

Angeles Accused in Bay City of Shooting Divorced Husband.

(BY A. P. NIGHT WIRE.) **SAN FRANCISCO**, March 29.—A jury of three women and nine men was selected here today to try Mrs. Ashes Hunter of Los Angeles, accused of shooting and seriously wounding her divorced husband, William Hunter, said to be a Texas oil operator, in a downtown hotel here November 24. Mr. Hunter, who recovered from his wounds, has dropped from sight, according to the authorities.

The shooting followed a quarrel over money, the police said.

EXTRA TONNAGE SHIPS STRESSED IN ENGLAND.

(BY A. P. DAY WIRE.) **WASHINGTON**, March 29.—British shipbuilders are laying stress on construction of extra tonnage ships, according to a special report to the Department of Commerce, of public yesterday. March 1 there were fifty-five ships of more than 10,000 tons on British ways, twenty-two of them of more than 15,000 tons.

Complete British statistics for 1919 showed launchings to have aggregated 432 merchant vessels of 1,620,442 tons.

Not a sailing vessel was launched during the year, the summary stated.

POLAND IN NEED OF GRAIN AND MATERIAL.

(BY A. P. DAY WIRE.) **NEW YORK**, March 29.—Fifty thousand tons of grain monthly, raw materials and lenient credit, represent Poland's immediate needs from the United States in order to attain a dominant position within two years among European exporting nations," said Stanislas J. Aret, commercial representative here of the Polish Food Ministry, in a statement.

Mr. Aret is in charge of purchasing and forwarding grain and other needed materials to Poland for which he says his country will be "financially able to pay as soon as the wheels of industry are set in motion."

VANDERLIP TO SPEAK AT MINE CONVENTION.

(BY A. P. NIGHT WIRE.) **SEATTLE (Wash.)**, March 29.—Frank A. Vanderlip, noted American banker and Gov. Boyle of Nevada, will speak at the International mining convention sessions to be held here April 1-10. It was announced today.

Other speakers will be C. F. Boyle, San Francisco; William H. Mann, British Columbia Minister of Mines; A. A. Rickard, San Francisco, and J. C. Ralston, Spokane.

ENDS HER LIFE.

Wife of Salt Lake Attorney Victim of Despondency.

(LOCAL CORRESPONDENCE.) **VENTNOR**, March 29.—Embittered and discouraged by persistent illness, Mrs. Dana Smith, wife of the Salt Lake Railroad attorney, took her own life by inhaling gas this morning, shortly before Dr. M. J. Varian, Los Angeles physician, arrived at her home, 42 Park avenue, in response to a request by her husband that he visit her. Dr. Varian found the door of the woman's home locked. Through a side window he discovered that gas was

PRESIDENT WILL TAKE VACATION

White House this Summer to be in Massachusetts.

Decision Interpreted as Indicating Improvement.

May Prepare Third-Term Letter While He is Away.

(BY A. P. MURPHY WIRE)

WASHINGTON, March 29.—President Wilson will spend the summer at Woods Hole, Mass., where the summer White House will be established on the estate of Charles R. Crane, Chicago business man, recently appointed minister to China. Arrangements are being made to move the President and his family and a good part of the executive offices there for at least two weeks of June and all of July and August. The Crane estate is an extensive country place which overlooks Buzzard's Bay and Vineyard Sound and is close by Martha's Vineyard, an island which figured in colonial history.

The decision to take the President away for the summer is interpreted at the White House as further evidence of the continued improvement in his health. Up to a few weeks ago it had been practically decided not to take the President away for the summer, because it was thought he could be better cared for at the White House.

The plan to spend the summer on the New England coast, Dr. Grayson said, meant that the President could continue motor riding, possibly some short yachting trips and might get in a few holes of golf if his improvement continues. The trip will be made by the train.

Last summer, like his first in office, the President spent in Washington. The others have been spent in English, N. H. The first summer, which was a hot one, Mr. Wilson put the air cooling plant in the White House offices out of commission, and announced that as he was asking Congress to stay in session, he would undertake it himself, and he did so.

He did not return from the Peace Conference last year until midsummer and he spent the next few weeks preparing for his long speaking trip in the West, from which he returned a very sick man, to use the expression contained in Dr. Grayson's official bulletin.

Secretary Houston has a place at Woods Hole near the summer White House. Dr. Grayson decided to accept Mr. Crane's offer, it is said, because he wanted the President away from the oppressive heat of Washington in midsummer.

Under present arrangements the President will be in New England while the Democratic National Convention is in session in San Francisco, although Congress, from indications now, will nominally be in session, but actually will be transacting no business, by gentlemen's agreement between the two bodies. There have been some hints that the President might reserve the much-expected official announcement as to whether he wants the term for presentation at the convention, and if that be true, he probably would prepare his letter at the summer White House. The usual staff of secretaries, clerks, stenographers and secret service men will accompany the President. Special telephone and telegraph wires will be installed and to all practical purposes the White House will be in Woods Hole after June 15.

WOODS HOLE IS QUIET.

(BY A. P. MURPHY WIRE)
WOODS HOLE, (Mass.) March 29.—Residents here, when informed President Wilson would spend the summer at Juniper Point, the home of Charles R. Crane, said that from the standpoint of seclusion and picturesque beauty, it could not have made a better choice. The 150-acre estate covers the entire point, which is the southwest tip of Cape Cod. A Japanese garden is a feature. There are artificial ponds, tennis courts, a private pier and a small beach.

Mr. Crane's "cottage" contains twenty rooms. On the estate are two other houses. One has been occupied for three summers by Secretary Houston of the Treasury Department.

The summer season at Woods Hole as a rule is a quiet one socially. Activities center principally about the marine biological laboratory.

There is a golf course not far from the village. Thirty years ago President Grover Cleveland spent many days each summer fishing in Buzzard's Bay.

OBREGON BOOSTERS ARE PLACED UNDER ARREST

WHOO! IT UP FOR THEIR CANDIDATE DURING RECEPTION TO BONILLA

(BY A. P. MURPHY WIRE)
WASHINGTON, March 29.—Five members of the Mexican Chamber of Deputies, two generals and other army officers and more than fifty civilians were arrested in Mexico City because of a demonstration in favor of Gen. Obregon, on the occasion of the recent public reception to Ambassador Bonilla, according to advices received here today through official channels. The arrests were said to have added to the tenacity of the political situation in the Mexican capital.

According to the advices the five deputies were released only after great excitement in the Chamber of Deputies, and after the adoption of a resolution of protest. The police were said to have contended that the deputies were not protected by the constitutional privileges.

The War Department announced, the advices said, that Gen. Capriano Jaimas, Gen. Victor M. Rome and the other army officers arrested would be tried for violation of military regulations, forbidding members of the army from taking part in political meetings.

Ex-Czar's Sister to Serbia.

CONSTANTINOPLE, March 29.—Grand Duchess Olga Alexandrovna, sister of former Emperor Nicholas of Russia, has left this city for Serbia, en route to Denmark, where she will reside permanently. She still firmly believes her brother and his family are alive.

HERE ARRANGING FOR CHICAGO DELEGATION

FIFTY TO VISIT LOS ANGELES ON TRADE CONVENTION ITINERARY.

The Chicago Association of Commerce is sending fifty representative members to the foreign trade convention in San Francisco, May 12 to 15, and this delegation will spend several days in Los Angeles and other southern cities, according to information brought to the Chamber of Commerce yesterday by H. F. Miller, assistant to the president on the organization, who reached the city yesterday to make preliminary arrangements for the visit in the Southland. Mr. Miller was the guest of the chamber on a trip to chambers of commerce in surrounding towns that will be visited by the delegation.

"Four members may not know it, but Los Angeles has the most famous Chamber of Commerce in the country," Mr. Miller said. "Although the Chicago organization has large membership and an immense amount of capital is represented, its quarters do not equal the Los Angeles Chamber of Commerce and so far as I am able to observe, your local organization is active in all the constructive lines that the Chicago association embraces and incidentally you are doing a number of things that the Chicago organization is not doing, but should do."

"A city may become so large and formidable in trade that it may not fear competition, but it never becomes so entrenched that it can ignore competition. There is no such thing as riding an anchor in commerce. The city either advances or goes back. Chicago is awakening to the fact that its business men must be more aggressive than ever."

If the city is to hold its place in world trade.
The Chicago delegation will travel in a train equipped with all the luxuries of a Southern California winter hotel. The itinerary through this section is being arranged by Mr. Miller during a few days' stay here before proceeding to San Francisco.

STUDENTS AT TRIAL

High School Class Heeds "Frame-up" Argument in Rodman Case.

As the result of a pre-arranged plan—a "frame-up"—Deputy District Attorney Clark argued for twenty minutes yesterday on a point of law in the hearing of James S. Rodman, president of the Globe Company of Los Angeles, accused of preparing false proof of loss. The argument came about when a high school class of forty filed into the courtroom to "see how courts are run." In order to start things, John L. Richardson objected to testimony of E. G. Ervin, once an employee of Rodman, on the ground that it was a privileged communication as between Rodman and Attorney B. Brown. Argument by Mr. Clark followed, after which the court ruled with him and the students left the room.

FLAG-RAISING AT HOME

Flag-raising exercises were held at Hollenbeck Home yesterday. M. Elipiti, president of the board of trustees, speaking for the board and home, made an interesting address. The response in behalf of the members of the home was made by C. S. Mason, four-minute man during the war.

HISTORIC SETTING FOR POLE-SOVIET PARLEY.

BORISOV IS WHERE JOHN THE TERRIBLE MET SOBIESKI CENTURIES AGO.

(BY CABLE AND ASSOCIATED PRESS)
WARSAW, March 28.—Borisov, where Poles purpose to meet Soviet delegates, April 10, to discuss peace, is one of Poland's most historic towns.

It was there that John the Terrible met the Polish King, Sobieski, in the seventeenth century, and agreed on an exchange of prisoners, the war concerning the Baltic provinces, ceasing for the moment, as it will in April, if the Soviets accept the Poles' proposals.

In 1798 the Swedish King, Charles XII, during the invasion of Russia, tried to cross the Berezina River at Borisov, building two bridges. In the retreat from Moscow, Napoleon crossed the Berezina at Borisov. In 1917, the Bolsheviks took the town. The city was retaken by the Poles in 1919. Recent fighting north and south of Borisov has been very severe.

IN NORTH ISLAND CASE.

Assistant United States District Attorney Lawson was yesterday detailed by Atty.-Gen. Palmer to assist Col. George J. Denis in representing the government in the case involving the sale of North Island for permanent aviation uses, which is to come before United States District Judge Trippett, April 15. The work of preparing the case from the point of view of the government is going on rapidly. It is believed that the testimony, to be limited to experts acquainted with the land values in San Diego county, in the vicinity of North Island, will cover about one week.

How a Man Can Dress Better -And At a Lower Cost

The Way To Wear Good Clothes At An Outlay You Can Afford

YES, the dollar has shrunk and clothes cost more than in the old days. That, we must frankly face.

No use trying to evade it by paying a lower price than good clothes can be sold for. The last thing in the world most of us can afford is a "run-down-at-the-heel" appearance.

BUY good clothes and nothing else. Good clothes honestly made of all-wool fabrics. Then get out of them all the service that the maker has built into them.

Don't wear the same suit day after day. Have several suits and change them frequently.

All of them will wear much longer. See that your clothes are properly put away on hangers—even over night. Have them brushed often and pressed regularly.

IT IS amazing how Kirschbaum Clothes respond to such care. The all-wool fabrics keep their freshness and full color. The shape stays because it is put into the garment stitch by stitch. The smart, well-groomed lines are there right up to the very last.

Wear Kirschbaum Clothes. Give them the care their good quality deserves. It means money in your pocket; better-looking clothes on your back!

Kirschbaum Clothes

You will find them here in the new styles and fabrics for Spring and Summer—priced at \$50 to \$75.

PRESIDENT WILL TAKE VACATION

White House this Summer to be in Massachusetts.

Decision Interpreted as Indicating Improvement.

May Prepare Third-Term Letter While He is Away.

(BY A. P. NICHOLS WIRE)

WASHINGTON, March 29.—President Wilson will spend the summer at Woods Hole, Mass., where the summer White House will be established on the estate of Charles R. Crane, Chicago business man recently appointed Minister to China. Arrangements are being made to move the President and his family and a good part of the executive offices there for at least two weeks of July and all of July and August. The Crane estate is an extensive country place which overlooks Buzzard's Bay and Vineyard Sound and is close by Martha's Vineyard, an island which figured in colonial history.

The decision to take the President away for the summer is interpreted at the White House as further evidence of the continued improvement in his health. Up to a few weeks ago it had been practically decided not to take the President away for the summer, because it was felt that he could be better cared for at the White House.

The plan to spend the summer on the New England coast, Dr. Grayson said, meant that the President could continue motor riding, possibly some short yachting trips and might get a few holes of golf if his improvement continues. The trip will be made by the train.

Last summer, like his first in office, the President spent in Washington. The others have been spent in Cornish, N. H. The first summer, which was a hot one, Mr. Wilson put the air cooling plant in the White House offices out of commission, and announced that as he was asking Congress to stay in session, he would undertake it himself, and he did so.

TALKED PEACE LAST SUMMER. He did not return from the Peace Conference last year until midsummer and he spent the next few weeks preparing for his long speaking trip in the West, from which he returned "a very sick man," to use the expression contained in Dr. Grayson's official bulletin.

Secretary Houston has a place at Woods Hole near the summer White House. Dr. Grayson decided to accept Mr. Crane's offer, it is said, because he wanted to spend the summer from the oppressive heat of Washington in midsummer.

Under present arrangements the President will be in New England while the Democratic National Convention is in session in San Francisco, although Congress, from all indications now, will normally be in session, but actually will be transacting no business, by gentlemen's agreement, between the leaders. There have been some hints that the President might reserve the much-expected official announcement as to whether he wants the third term, for presentation at the convention, and if that be true, he probably would prepare his letter at the summer White House. The staff of secretaries, clerks, stenographers and secret service men will accompany the President. Special telephone and telegraph wires will be installed, and to all practical purposes the White House will be in Woods Hole after June 15.

WOODS HOLE IS QUIET.

(BY A. P. NICHOLS WIRE)

WOODS HOLE (Mass.) March 29.—Residents here, when informed President Wilson is to spend the summer at Jupiter Point, the home of Charles R. Crane, said that from the standpoint of seclusion and picturesque beauty he could not have made a better choice. The 150-acre estate covers the entire point, which is the southwest tip of Cape Cod. A Japanese garden is a feature. There are no artificial tennis courts, a private pier and a small beach.

Mr. Crane's "cottage" contains twenty rooms. On the estate are two other houses. One has been occupied for three summers by Secretary Houston of the Treasury Department.

The summer season at Woods Hole as a rule is a quiet one socially. Activities center principally about the marine biological laboratory.

There is a golf course not far from the village.

Thirty years ago President Grover Cleveland spent many days each summer fishing in Buzzard's Bay.

OBREGON BOOSTERS ARE PLACED UNDER ARREST

WHOOFT UP FOR THEIR CANDIDATE DURING RECEPTION TO BONILLA.

(BY A. P. NICHOLS WIRE)

WASHINGTON, March 29.—Five members of the Mexican Chamber of Deputies, two generals and other army officers and more than fifty civilians were arrested in Mexico City because of a demonstration in favor of Gen. Obregon, on the occasion of the recent public reception to Ambassador Bonilla, according to advices received here today through official channels. The arrests were said to have added to the anxiety of the political situation in the Mexican capital.

According to the advices the five Deputies were released only after great excitement in the Chamber of Deputies, and after the adoption of a resolution of protest. The police were said to have contended that the Deputies were not protected by the constitutional privileges.

The War Department announced, the advices said, that Gen. Capriano Jaimex, Gen. Victor M. Rome and the other army officers arrested would be tried for violation of military regulations, forbidding members of the army from taking part in political meetings.

Ex-Czar's Sister to Serbia. (BY CABLE AND ASSOCIATED PRESS.) CONSTANTINOPLE, March 29.—Grand Duchess Olga Alexandrovna, sister of former Emperor Nicholas of Russia, has left this city for Serbia en route to Denmark, where she will reside permanently. She still firmly believes her brother and his family are alive.

HERE ARRANGING FOR CHICAGO DELEGATION.

FIFTY TO VISIT LOS ANGELES ON TRADE CONVENTION ITINERARY.

The Chicago Association of Commerce is sending fifty representative members to the foreign trade convention in San Francisco, May 12 to 15, and this delegation will spend several days in Los Angeles and other southern cities, according to information brought to the Chamber of Commerce yesterday by H. F. Miller, assistant to the president on the organization, who reached the city yesterday to make preliminary arrangements for the visit in the Southland. Mr. Miller was the guest of the chamber on a trip to Los Angeles to see how the city was being prepared for the visit by the delegation.

"Your members may not know it, but Los Angeles has the most famous Chamber of Commerce in the country," Mr. Miller said. "Although the Chicago organization has large membership and an immense amount of capital is represented, its quarters do not equal the Los Angeles Chamber of Commerce and so far as I am able to observe, your local organization is active in all the constructive lines that the Chicago association embraces, and incidentally you are doing a number of things that the Chicago organization is not doing."

"A city may become so large and formidable in trade that it may not fear competition, but it never becomes so entrenched that it can ignore competition. There is no such thing as riding at anchor in commerce. The city either advances or goes back. Chicago is awakening to the fact that its business men must be more aggressive than ever."

If the city is to hold its place in world trade. The Chicago delegation will travel in a train equipped with all the luxuries of a Southern California winter hotel. The itinerary through this section is being arranged by Mr. Miller during a few days' stay here before proceeding to San Francisco.

STUDENTS AT TRIAL.

High School Class Hears "Frame-up" Argument in Rodman Case.

As the result of a "pre-arranged plan—a 'frame-up'—Deputy District Attorney Clark argued for twenty minutes yesterday on a point of law in the hearing of James S. Rodman, president of the Globe Company of Los Angeles, accused of preparing false proof of loss.

The argument came about when a high school class of forty filed into the courtroom to "see how courts are run." In order to start things, John L. Richardson objected to testimony of E. G. Ervin, once an employee of Rodman, on the ground that it was a privileged communication as between Rodman and Attorney B. Brown. Argument by Mr. Clark followed, after which the court ruled with him and the students left the room.

The case was continued until Monday, after hearing of testimony regarding a fire in the Thorpe Building.

FLAG-RAISING AT HOME.

Flag-raising exercises were held at Hollenbeck home yesterday. J. M. Elliott, president of the board of trustees, speaking for the board and the home, made an interesting address. The response to the address by the members of the home was made by C. S. Mason, four-minute man during the war.

HISTORIC SETTING FOR POLE-SOVIET PARLEY.

BORISOV IS WHERE JOHN THE TERRIBLE MET SOBIESKI CENTURIES AGO.

(BY CABLE AND ASSOCIATED PRESS.) WARSAW, March 28.—Borisov, where Poles purpose to meet Soviet delegates, April 10, to discuss peace, is one of Poland's most historic towns.

It was there that John the Terrible met the Polish King, Sobieski, in the seventeenth century, and agreed on an exchange of prisoners, the war concerning the Baltic provinces, ceasing for the moment, as it will in April, if the soviets accept the Poles' proposals.

In 1798 the Swedish King, Charles XII, during the invasion of Russia, tried to cross the Berezina River at Borisov, building two bridges. In the retreat from Moscow, Napoleon crossed the Berezina at Borisov. In 1917, the Bolsheviks took the town. The city was retaken by the Poles in 1919. Recent fighting north and south of Borisov has been very severe.

IN NORTH ISLAND CASE.

Assistant United States District Attorney Lawson was yesterday detailed by Atty.-Gen. Palmer to assist Col. George J. Dennis in representing the government in the case involving the sale of North Island for permanent aviation uses, which is to come before United States District Judge Trippett, April 15. The work of preparing the case from the point of view of the government is going on rapidly. It is believed that the testimony, to be limited to experts acquainted with the land values in San Diego county, in the vicinity of North Island, will cover about one week.

How a Man Can Dress Better -And At a Lower Cost

The Way To Wear Good Clothes At An Outlay You Can Afford

YES, the dollar has shrunk and clothes cost more than in the old days. That, we must frankly face.

No use trying to evade it by paying a lower price than good clothes can be sold for. The last thing in the world most of us can afford is a "run-down-at-the-heel" appearance.

BUY good clothes and nothing else. Good clothes honestly made of all-wool fabrics. Then get out of them all the service that the maker has built into them.

Don't wear the same suit day after day. Have several suits and change them frequently.

All of them will wear much longer. See that your clothes are properly put away on hangers—even over night. Have them brushed often and pressed regularly.

IT IS amazing how Kirschbaum Clothes respond to such care. The all-wool fabrics keep their freshness and full color. The shape stays because it is put into the garment stitch by stitch. The smart, well-groomed lines are there right up to the very last.

Wear Kirschbaum Clothes. Give them the care their good quality deserves. It means money in your pocket; better-looking clothes on your back!

Kirschbaum Clothes

You will find them here in the new styles and fabrics for Spring and Summer—priced at \$50 to \$75.

MIDDLE WEST NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

INDIANAPOLIS, March 29.—Fire in the Indiana State Capitol building yesterday.

CHICAGO, March 29.—A fire in the Indiana State Capitol building yesterday.

MILWAUKEE, March 29.—Five leading Milwaukee hotels and the Milwaukee Athletic Club were hit when 400 cooks and waiters walked out because the Blankington Hotel did not recognize their union.

ST. LOUIS, March 29.—Aloysius Bach, secretary and treasurer of the Abel and Bach Company, died of pneumonia.

MADISON, Wis., March 29.—Gov. Edward Schofield, former Governor of Wisconsin, celebrated his 75th birthday at his Oconto home yesterday. He served two terms in the State Capitol.

MISSOURI, March 29.—Miss Florence Patton has gone to Bryn Mawr to attend the reunion of her class at Miss Wright's school.

MISSOURI, March 29.—Miss Hazel Downing, with Charles W. Everett, Jr., president of the Wisconsin Bachelor Circle of the Wisconsin Club, will lead the Grand march at the annual bachelor ball April 18.

INDIANAPOLIS, March 29.—An new feature will be introduced in the suffrage contest to be held in the Indiana State Capitol building on the evening of the 30th of March. The contest will be a political debate between the candidates, each of whom will have a ten-minute talk. The contest will be held in the Indiana State Capitol building on the evening of the 30th of March.

INDIANAPOLIS, March 29.—The Indiana State Capitol Club Saturday night. The Indiana State Capitol Club Saturday night. The Indiana State Capitol Club Saturday night.

BELIEVE TURK TREATY COMPLETE BY EASTER.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, March 29.—"It is thought in the best authorized circles that the draft of the treaty with Turkey will be complete before Easter, and the Turkish peace delegates invited to Paris by the end of April," says the Temps today.

MINERS ACCEPT NEW PAY SCALE.

Twenty-seven Per Cent. Rise is Provided.

Soft Coal Mines to Continue in Operation.

No Danger Now of Walkout on April First.

(BY A. P. MERRY WIRE.)

NEW YORK, March 29.—The scale committees of the bituminous operators and mine workers in a joint conference here this afternoon agreed to make the monetary provisions, contained in the award of the bituminous coal commission as affirmed by the President, become effective April 1. The mines will continue in operation pending the working out of a new agreement.

The award provided for a wage increase of 27 per cent.

The motion to accept the commission's award was made by representatives of the mine workers and was adopted unanimously.

All local unions of the United Mine Workers in the central competitive fields will be notified immediately of acceptance of the wage award. John L. Lewis, president of the United Mine Workers, announced. Official statements of the proceedings and action of the conference signed by the international officers also will be sent out.

"This action will avoid any necessity for cessation of operations in the bituminous industry," he said, "and will fully protect the coal supply of the country."

After adopting the award the conference appointed a subcommittee to carry on negotiation of a new wage contract for the bituminous workers based on the Coal Commission's report. This committee, which consists of the international officers of the mine workers and two operators and two miners from each of the four States of the central competitive field, will hold its first conference tomorrow.

The subcommittee probably will complete its work and reach an agreement by the first of next week, Mr. Lewis said tonight.

Secretary Green of the mine workers, said it would cost his organization more than \$4000 for telegrams to notify local unions of the acceptance of the award.

The wage increase under today's agreement amounts to approximately 3 per cent, including the 14 per cent. average increase granted by Fuel Administrator Garfield. As the miners now are receiving 14 per cent, the net increase will be 13 per cent.

The increase is approximately \$28,000,000 more than the advance allowed by Administrator Garfield, according to the report of the coal commission. The total increase in wage cost is given at \$308,000,000.

The award directs that the increase be apportioned between the groups of workers and classes of work as follows:

Tonnage rates, pick and machine, to be increased by 35 cents; rates for all hards, dead work, narrow work and room turning to be advanced 20 per cent, and compensation of day wage men to be advanced 20 per cent.

The commission's report points out that the wage advances granted miners in the central competitive district between 1913 and October 31, 1919, when the Garfield award was made, averaged 41 per cent for wage workers and 76 per cent for day men.

The first matter to come before the subcommittee will be the question of a shorter work day, representatives of the mine workers declared. The coal diggers will attempt to get a seven-hour day.

ARIZONA ODDITIES.

(EXCLUSIVE DISPATCH.)

PHOENIX (Ariz.), March 29.—Possibly the highest light of late Arizona news oddities concerns the transplanting of an Arizona orange tree to California soil, fifty miles away, all within an hour. It was done by airplane, probably the first time an airplane ever was used as a means of horticultural transportation.

Louis Bojorquez of the military patrol, handling a big De Havilland plane, took a fancy to a navel orange tree at Yuma. At 5 p.m. the tree had been replanted at Calexico.

From Nogales comes a tale of remarkable recovery from a severe attack of influenza. The patient happens to be 116 years of age and yet vitality ample to throw off the disease. This individual is Senora Teresa Serrano de Amiquita, born in 1804. Her home is on the Arizona rancho, thirty miles southwest of Nogales, in the locality that has the same to the present State.

From just across the eastern line is a novel tale of a forest ranger who woke from a siesta on the hillside to see a jack rabbit running away with his (the ranger's) \$50 set of store teeth, which had been left in the open near by. The rabbit was not overtaken, though the ranger showed speed, and the teeth still are missing.

At Mesa has been found a dog with a nose of honey. A representative of the State prohibition enforcement director lost a pocketbook containing \$55 and important pa-

NORTHERN ASPARAGUS SELLS AT TOP PRICE.

(EXCLUSIVE DISPATCH.)

SACRAMENTO, March 29.—The first full car of Sacramento River asparagus shipped to New York this year from the delta section, was sold for \$12,000 a second price. Eastern shippers are completing this section will total 600 carloads this season. A great quantity of the crop will go to the canneries which start operations soon after April 1st.

Kayser Knit Underwear

—A Woman's Knit Underwear with the luxury of Silk.

—There are features unique with Kayser Knit Underwear which have brought Kayser Comfort close to perfection. Bullock's will demonstrate these Kayser features. They include—

- Form fitting shape—cut from accurately proportioned patterns.
- Shoulders cut to the natural slope of one's own shoulders. They cannot slip off.
- KAYSER garments are made of fabrics so sheer and fine that they add not the slightest to the natural silhouette.
- Cut narrow, snug fitting at back and ample in front with comfortable arm room.
- A specially constructed seat that will stay closed without gaping, whether you walk, sit or bend.

—Bullock's has tested the merits of Kayser Knit Underwear and suggests that you ask for a demonstration.

- Kayser Knit Swiss ribbed Lisle Vests—tailored or beading top—50c; extra sizes 65c.
- Mercerized Lisle Vests in flesh or white—\$1.25; extra sizes \$1.50.
- Union Suits—Cotton, in flesh or white—regular or bodice top, with tight knees—sizes 34 to 38 at \$1.00; 40 to 44 at \$1.25. Same in Lisle at \$1.75 and \$2.00. In Mercerized Silk Lisle, \$2.50 and \$3.00.
- Swiss ribbed Union Suits with hand crocheted yoke. Regular sizes \$2.25. In Mercerized Swiss ribbed, \$2.75; extra sizes \$3.00.
- Kayser Knit Underwear at Bullock's Knit Underwear Section—Fourth Floor.

White, Silk Stockings \$3

—Today—Bullock's will offer for \$3.00, Women's Silk Hosiery that in its quality represents a price far in excess of this marking.

—Stockings in pure thread to grain silk—of medium weight and full fashioned—every pair perfect and new merchandise—\$3.00.

—The number of pairs is limited and the woman with a knowledge of stocking values and with a thought to both quality and saving should come early—Today—

—Bullock's—Third Floor.

Men's Neckties \$1.65

—Again—Today—Tuesday—this remarkable offering—a feature of these closing days of Bullock's Inauguration Month—a most opportune event with Easter Sunday demanding the New in apparel.

- Ties—not of \$1.65 quality—for their quality is as high as was their former price—and that was far above \$1.65.
- Ties of any shape, size or color, and with innumerable designs—ties to go with any suit or for any occasion—ties that should make splendid Gifts—Today—\$1.65.
- Men and women who buy for men should find and should buy—not only that Easter Tie, but new ties for all the Spring—for \$1.65 Today.
- Silk Crepe de Chine Shirts for \$10.00.
- Just a few—reduced—in perfect condition and fine quality shirts—worth more than \$10.00, but reduced to that for Today—in tan, pink and green with satin stripes. Also fancy striped patterns—sizes 14 to 16½. This shirt is of Bullock quality, remember—and of Silk Crepe de Chine—for \$10.00—Tuesday—Today.

—At Bullock's—Men's Store—First Floor.

INDUSTRIAL JUSTICE IS PLAN OF PHOENIX.

TRADES FROM OPEN SHOP ASSOCIATION DEVELOP MUTUAL CO-OPERATION.

(EXCLUSIVE DISPATCH.)
PHOENIX, March 29.—Robert Metzler of the Southwest Cotton Company has been elected president of the newly-organized Phoenix Building Trades Open-Shop Association.

The object of the organization are stated as:

"In the interest of the public welfare, to develop in Phoenix industrial justice based on co-operation, mutual understanding and good will between employers and employees in the building trades—

—to secure a square-deal policy that the building and home-making programs so essential to the growth of this city may be carried on with the maximum of speed, economy and efficiency, thereby encouraging new construction, providing increased work and attracting to this community both labor and capital . . . to promote and

NURSE'S FELINE PET PROVES A DETRIMENT.

(EXCLUSIVE DISPATCH.)

PHOENIX (Ariz.), March 29.—That publicity may have its drawbacks, is indicated by the arrest in Prescott of Mrs. Elizabeth DeVere, who in the mountain city, was distinguished by the fact that she led by a chain a pet of rare sort, a mountain lion of tender years, but not so tender disposition. She has been held here to answer a charge of passing a bad check, drawn on a Window bank, and is to answer also to a charge of stealing jewelry from a Phoenix home, where she had been employed as a nurse.

This is Rob Thompson.

(BY A. P. MERRY WIRE.)

SAN FRANCISCO, March 29.—John K. Noble of Chicago, reported to the police that thieves entered his apartment at a leading hotel here and escaped with cash, securities and jewelry to the amount of \$12,000.

"Why should a child of Edith's age have to wear glasses Doctor?"

ASKED the eye specialist this question before speaking. "You know," he answered, "we more correctly speaking, you probably do not know that we try all more or less the victims of glare and eye-strain. They are insidious enemies of the eyes, at work every waking hour of the day; especially active during the hours that we spend under artificial light."

"It used to be true of my home, and I suppose it is of yours, that the lighting consisted of glowing spots of light spaced at different places in the room, close enough together to relieve the darkness, but not attention was paid to the fact that these spots of light were highly irritating to the eyes, both to themselves and where they were reflected from mirrors and polished surfaces. We all thought that it was one of the discomforts of life that had to be put up with, like the dog days, and mosquitoes."

"And then the other extreme that we all swung to in trying to escape glare was the under-lighted room. This was just as irritating, as injurious and just as productive of eye-strain as over-lighting. It seemed that there was no happy medium. You notice that I say 'seemed' it is because I have found a way, which, by combining the good qualities of direct and indirect lighting eliminates both glare and shadows. There is so much done nowadays in the way of preventive medicine, that I really regard this new lighting system in that way. I consider it as really as I do glasses, because prevention is so much more effective than remedy."

"There's a card with the name of this new system on it, and the address of the electrician who can serve you."

I looked at the card as soon as I was outside. The name written on it was "Duplexite. The minute I got home I telephoned for the electrician. He came to the door of my room, general color, and whether the ceiling was light colored. Later that afternoon he arrived and much to my surprise only carried a few cartons with him. He said the only way to appreciate the value of Duplexite Lighting was to see it, and so I agreed to let him put up a sample in my living room."

He opened one carton, took out the Duplexite, and explained it thoroughly to me as he was working. He said, "You see in the first place you should use a Mazda C lamp if you want to get all the light out of the current you pay for; then, because the lamp is so very bright and powerful, this Duplexite was designed with the circular metal deflector to cut off strong rays from the eyes and direct them to the ceiling for indirect distribution. The deflector gives the light the bottom of the deflector and diffuses the direct light coming straight down, and that was about all there was to it—very simple and so practical—another of the things that make you wonder why we never had one before. This is what my husband will call simply an ordinary application of straight line reasoning."

Well, it did not take any longer to install Duplexite than to tell me about it and so in just a few minutes he switched on the light and I received the real surprise of my life, for it seemed as if the sun had come back over the horizon and bathed the room in soft radiance. It was unlike any artificial light that I had ever seen. The room was filled with a soft brilliancy that clearly illuminated every object in it and yet the light itself was so soft that it was really the most comfortable light that I had ever known."

It was true that there was no possible chance for eye-strain under a Duplexite.

We have lived with Duplexite for two weeks now, and are so delighted with it that we have had them installed throughout the house. And my only regret is that we did not hear of Duplexite before that it had not been necessary for little Edith to injure her eyesight before we woke up to the necessity of good illumination."

DRY MEASURE IS ARGUED BY ROOT

Attacks Validity of Amendment in Supreme Court.

New Jersey Attorney-General Submits His Brief.

Wheeler, Anti-Saloon League Head, Also Heard.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 29.—A possibility that the Supreme Court might pass final judgment on prohibition questions before it by the middle of next month, was seen by some observers today, in the announcement that the court recess to be taken after arguments on these cases, probably tomorrow, would extend to April 19, instead of April 12. The opinion was expressed that a decision might be rendered immediately when the court reconvenes.

Further arguments on questions touching on validity of the constitutional amendment, and the enforcement act, were presented today. They were in connection with the original suit brought by New Jersey as well as appeals from that State and from Wisconsin, Rhode Island, Kentucky and Massachusetts cases have all been argued and will be considered at the same time.

Edith Root, representing Christian Feigenbaum, a brewer of Newark, N. J., Attorney-General Thomas F. Ryan, in New Jersey, in opposition to the constitutional amendment, and Assistant Attorney-General William L. Frierson, for the government, addressed the court.

WARNS OF FUTURE.
Mr. Root characterized the prohibition amendment as new legislation made under "color of an amendment," affecting personal rights. If its validity was upheld, he said, the effect would be that the court recognized in addition to the legislative power of Congress and States a third legislative power enactment of legislation by consent of three-fourths of the States, which, he said, would be "a perversion not only of the word but of the whole tone of the Constitution."

"It is of like consequence," Mr. Root said, "if there be or be not prohibition in this country. It is of vast consequence, however, that your honors now decide rightly and for the good of our country in the future if there are to be any limits to the power of amendment, and where the line of limitation is to be drawn."

"I trust that your honors are not at liberty to put a construction on the power to amend that will overturn the fundamental character of this government, unless the language of the article is too plain to admit a question."

Mr. Root argued that the original bill of rights on which the Federal Constitution was founded would be swept away if the amendment were sustained and the States enacted constitutional amendments would be made superior to other laws. This would mean, he added, "that we are not a government of limited powers because there is a legislative body not subject to those limitations."

12 REVOLUTIONARY.
Atty.-Gen. McCran contended that the amendment was legislative in nature and was not adopted by two-thirds of the membership Congress nor ratified by three-fourths of the States, owing to referendum provisions in various State Constitutions.

On the government's behalf Mr. Frierson reiterated arguments made in the Rhode Island case that the question of the amendment's validity did not rest on the eighth amendment could have been inserted in the original Constitution and for that reason, he said, he could not see the force of the argument that it cannot be inserted by amendment. Its effect, he said, was merely to give Congress authority to enforce prohibition.

Another prohibition case reached the court today with the filing of appeals by the St. Louis Brewing Association from Federal court decrees disallowing injunction proceedings brought to prevent prohibition officials from interfering with it in manufacture of beer.

The court granted permission for the case's submission in connection with today's arguments.

Permission also was given Wayne B. Wheeler, general counsel for the Anti-Saloon League, to file a brief. Mr. Wheeler contended that the "intoxicating liquors" embodied in the Volstead Act "is a legitimate exercise by Congress of the power of enforcement conferred upon it by the eighteenth amendment."

Eight points were also discussed in the argument. Atty.-Gen. McCran's brief declared that the Eighteenth Amendment was not constitutionally proposed; that the proposal is subject to judicial review; that Congress did not by two-thirds in numbers of both houses affirmatively vote for the proposal of the amendment; that three-fourths of the States have not ratified in the constitutional sense.

NUT PROPER LEGISLATION.
The brief also declared that the national prohibition act is not appropriate legislation; that there is no right in Congress to legislate outside the words of the amendment; that the words "beverage purposes" sufficiently describe the limit within which Congress will legislate; that the Volstead act is unconstitutional in that it attempts to interfere with the rights of physicians and druggists to furnish liquor; that the constitution is not amended by the State of New Jersey as it is hampered and restricted by the act of Congress.

The history of New Jersey and its relation to the Federal government, both before and since the adoption of the Constitution, was discussed in the brief, while the rights which the States surrendered for the purpose

of forming a more perfect union are detailed at length.

The brief also stated that the seventeen amendments to the Constitution prior to the eighteenth, "prohibition amendment," are subjects relating to the structure and form of the government and are not the amendment revolutionary in character and which, deprive the States of their sovereign powers.

MAKES UNIQUE POINT.
In a supplemental brief filed by New Jersey's Attorney-General, an entirely novel point is made.

The right to amend the Constitution is a right of the people of the United States as a particular State; that the people of the United States have only national powers, the police power being reserved to the States, and the right of internal policy being a right of the people of New Jersey over which the people of the United States have no control. This right may not be taken from them without their consent."

FRANCE MUST CURB NATIONAL EXPENSES.

MARCEL, MINISTER OF FINANCE, SAYS LOANS ABROAD ARE UTTERLY IMPOSSIBLE.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, March 29.—Francis Marcel, speaking in the Chamber of Deputies today on the financial position of the country, said: "The daily expenditure of France was 42,000,000 francs in 1914, 68,000,000 francs in 1915, 82,000,000 francs in 1916, 104,000,000 francs in 1917, 127,000,000 francs in 1918, and 124,000,000 francs in 1919."

M. Marcel, Minister of Finance, was speaking in connection with the vote for provisions appropriations for the coming quarter. He said he thought that, although it was impossible to ask much during the war, in taxes from an invaded country, yet "a greater effort might have been tried."

Loans, he continued, had been raised each year from 1915 to 1919, but there had been none in 1919. He said he would give the results of the loan of 1920 as soon as he had them. "But if this is the first loan of the year, it certainly will not be the last," he added.

He gave the total expenses for 1920 as 50,025,000,000 francs, of which 22,000,000,000 were recoverable from Germany. This year's deficit was 28,025,000,000 francs. The treasurer's disposable amount at the Bank of France was 700,000,000 francs.

"Foreign treasuries are closed to us and we can not consider the possibility of raising a loan abroad," he said. "Our expenses must be compressed to the utmost."

The Minister explained the high cost of living by the inflation of money, the Bank of France's advance of the issue of national defense bonds.

The deputies murmured with indignation as he spoke of the heavy imports of jams, cakes and coffee. He said coal and raw material must have preference, that expenses must be reduced to a minimum; that the use of services must be suppressed and that state employees, where they were not indispensable, must disappear. He added that Germany must fulfill her engagements to France.

NEW MINISTRY FOR PRUSSIA ANNOUNCED.

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, March 29.—The newly organized ministry for Prussia, it was announced today, is composed as follows: Premier and Minister of Agriculture, Braun; Minister of Interior, Severing; Minister of Education, Haenschel; Minister of Finance, Ludeman; Minister of Public Works, Geeser; Minister of Trade, Flabbe; Minister of People's Welfare, Stegerwald.

Minister of Justice, Zehnhoof. Four of the Ministers are Social Democrats, two are Democrats and two are members of the Center party. Premier Braun was Minister of Agriculture in the late Cabinet and Haenschel, Geeser, Flabbe, Stegerwald and Zehnhoof, also were members of that Ministry.

PLEAD "NOT GUILTY" IN SHIP BOARD FRAUD.

(BY A. P. NIGHT WIRE.)

SEATTLE, March 29.—Phillips Morrison and H. F. Ostrander, officials of the Seaboard Shipyard Company, Tacoma, entered pleas of not guilty in Federal Court here today to indictments charging them with making false claims against the Government on vessels built for the United States Shipping Board.

Morrison also entered a plea of not guilty to indictment charging him jointly with Capt. W. A. Magee with conspiring to defraud the Government. Capt. Magee, former Shipping Board official here, did not plead. Trial of the case is expected to begin in June, it was said today.

Find Bolsheviks' Funds?
(BY CABLE AND ASSOCIATED PRESS.)

PARIS, March 29.—Bonds and stocks to the amount of 60,000,000 francs recently were found in a leather bag in a Paris-Warsaw train by a Polish customs official. It is believed the bag was destined for Bolshevik propaganda in Central Europe.

WOOD DEFENDS MAN IN UNIFORM

Claims Attempt to Estrange Us from the Allies.

Those Who Cry "Militarist" are not Americans.

Pacifist Fakers Caused Many War Deaths, He Says.

(BY A. P. NIGHT WIRE.)

CALUMET (Mich.) March 29.—Charges that an intricate system of propaganda to break down the friendship of the United States with the Allies already had taken effect, were made by Gen. Leonard Wood, candidate for the Republican Presidential nomination, in an address today at Lake Linden, Mich.

"Those who use this propaganda are trying to make unavailing the fine sacrifices of our boys who died in France," he said.

Asserting that there are some men who cried "Militarist" at every man in uniform, the general said, "Men who despise the uniform are not Americans."

"Militarism is the cry of the fakers who caused half our deaths in France by blocking training and preparedness."

LOWDEN AT HOME.
(BY A. P. NIGHT WIRE.)

SPRINGFIELD (Ill.) March 29.—Gov. Lowden opened his campaign in Illinois as a candidate for the Republican nomination for President with an address tonight.

"For more than thirty years," he said, "I have lived in Illinois. The people of the State are familiar with my record. They have honored me greatly and for this I am deeply grateful."

"I desire their good will and approval, but more than I desire any office. Much as I would like approval of the people of my home State at the primaries, I shall make no attempt to match the expensive campaign being waged against me. I shall neither employ billboards nor the advertising columns of the press."

ILLINOIS WOMEN TO VOTE.

Whether women will vote at the Presidential primaries in Illinois Tuesday, April 13, and the effect they may be allowed to vote for will be finally determined in each county by the County Clerk. It seemed probable today.

The letter of Atty.-Gen. Edward Bradley to Gov. McNab Saturday day informing the Governor that it would not invalidate the primaries if women are allowed to vote, provided their ballots are counted and sealed separate from those cast by the men, caused consternation among the clerks and election commissioners.

HOOVER NOT FOR DEMOCRATS.
(BY A. P. NIGHT WIRE.)

PORTLAND (Or.) March 29.—Robert Hoover has absolutely refused to allow his name to be placed on the Democratic ballot as a candidate for the Presidential nomination. He said in a telegram from him to Former Governor Oswald West, received by Mr. West here today.

Hoover's telegram to Mr. West is as follows: "I am greatly obliged for your consideration, asking me to indicate my views on the proposed entry of my name in Democratic primaries in Oregon. While I am very grateful for the honor proposed, I cannot give my approval."

Mr. West said today that the wishes of Mr. Hoover will govern, and that the petitions would not be filed.

DEMOCRATIC PETITIONS.
(BY A. P. NIGHT WIRE.)

SACRAMENTO, March 29.—Nominating petitions with enough signatures to qualify the list of delegates named by the Democratic State Committee for a place on the May 12 primary ballot were received by the Secretary of State today.

In addition to the ticket of twenty-six, headed by Gavin McNab and others, petitions sufficiently signed were received on behalf of Henry N. Childers of Los Angeles. There were also twenty-seven names on the Democratic ballot with twenty-six delegates to be elected.

The Democratic delegates are undecided and it was necessary to circulate individual petitions on behalf of each.

Globe Fires

Wholesale "Dry" Law Conspiracy Charged.

Port Grocers Had Much Liquor on Hand, Enforcement Officer Says.

(BY A. P. NIGHT WIRE.)

What is said to have been a wholesale attempt on the part of Steven Marelich and Nick Perich, Slav grocers, doing business at 1245 Kenter street, San Pedro, to evade the Volstead prohibition enforcement law, was disclosed at the preliminary examination of the accused before United States Commissioner Long, yesterday.

In the four rooms examined by the raiding party, according to A. O. Kriele, prohibition enforcement officer, were found nine fifty-gallon casks of claret wine, two thirty-five gallon containers with raisins in various stages of fermentation, four additional barrels with the raisin compound, seven quart bottles of grape brandy and three other bottles of sour claret wine, to which the air had been admitted.

At the home of Marelich, 322 Fourteenth street, was found, it is declared, a copper still of large capacity. In addition to the wine and brandy located at the store, 110 boxes of raisins, evidently on hand for fermentation purposes, were found.

When the officers seized the liquor, a witness testified that both of the defendants offered money to the revenue agents if they would allow it to remain.

The point was made by W. J. Ford, representing the accused, that the statement of the officers as to the presence of the copper still should not be received against his clients, from the fact that the apparatus was not set up for operation in the house of Marelich, and that the parts identified by the witnesses might have been used for something else. Both men were held to the grand jury and the bond of each increased from \$500 to \$1000.

OPEN FORUM ANALYZES RECLAMATION OF LAND.

SPEAKERS URGE INCREASE IN PRODUCTION ON TRACTS UNDER CULTIVATION.

Reclamation projects of the Federal government were discussed last night at the City Club open forum, many of those taking part being delegates from the club to the coming convention of the League of the Southwest on reclamation and irrigation.

R. Castberg was chairman of last night's meeting and the speakers included C. H. Wake, D. Woodhead, Dr. H. Fuller, S. C. Graham, C. J. Coldwell and Dr. John R. Hays. While the reclamation work of the government was in general approved, the consensus of opinion of the speakers was that the government should devote its energies and money at the present time toward increasing the productivity of existing farms where there is a labor shortage, and then when this situation is corrected, the speakers said, improvements such as the Colorado River basin and reclamation projects could be carried through.

HERO AWARDED CROSS.

Decorated Given Local Officer for Distinguished Action.

Word was received yesterday at the army recruiting station in the San Fernando Building that another Los Angeles man, who performed heroic deeds during the great drive on the west front, has been awarded the Distinguished Service Cross by the War Department.

Emil J. Eklund of 426 West Sixty-sixth street is the man who has been cited for extraordinary bravery in action. On October 5, 1918, near Bois de Fays, France, Eklund, then a first lieutenant of Co. E, Fifty-eighth Infantry, while in command of the left flank of his company, exposed himself to intense rifle and machine-gun fire during a strong enemy counter-attack and had such a stimulating moral effect on his men that the attack was repulsed after a hand-to-hand encounter in which many casualties were suffered.

RAIL OFFICIAL, CIVIL WAR VETERAN, IS DEAD.

Col. J. R. Wheat, Civil War veteran and railway official, is dead at Sacramento, where he went recently after living five years in Los Angeles. Born in Adair county, Kentucky, in 1841, Col. Wheat served as quartermaster on the Governor's staff, prepared Camp Dick Robinson for the use of Federal troops, served at Vicksburg in many campaigns and was promoted to lieutenant-colonel in the Thirty-fifth Kentucky Infantry.

After the war he served as territorial auditor of Washington. Then he assisted in the construction of the Oregon Railway, becoming auditor and manager for the company.

The widow, Cornelia C. Wheat, and son, Rush Palmer Wheat, of Seattle, survive. The G.A.R. of Sacramento will conduct the funeral. The body will be cremated.

George Mainhart, Sr. Dies.
(BY A. P. DAY WIRE.)

GRASS VALLEY, Calif., March 29.—George Mainhart, Sr., prominent as a mining man, died here today. He was 68 years old.

EXHIBITORS SELECT ART JURY MEMBERS.
Prospective exhibitors at the exhibition of painting and sculpture to be held at the Museum of History, Science and Art, Exposition Park, April 8 to May 15, have been called on the jury to judge the exhibits, and results were announced yesterday as follows:

For painting: Carl Oscar Borg, Maurice Braun, Benjamin C. Brown, Hansen Puthoff, John H. Rich, Guy Rose, Jack W. Smith, C. P. Townsend, William Wendt. Alternates: Jean Mannheim, Edouard Vysokel, Troubetzkoy, Julia Bracken Wendt. Alternates: Ella Buchanan, Caspar Greenfield.

SEEK MISSING BOYS.
Relatives are worrying over the whereabouts of Robert Wallace, aged 13 years and living with his parents at 4312 East Sixth street, and Russell Beach, aged 12 years, and living at 4266 East Sixth street. Both boys were last seen by their parents at supper on Sunday night, and yesterday were missing. The police have been asked to help locate them.

Watch the Little Pimples They Are Nature's Warning.
Unightly and Disfiguring Signs of Bad Blood.

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body. If you are afflicted with spots or blotches disfiguring, and you are not taking steps to rid the blood of the impurities which cause them, you are exposing your face to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoying conditions that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of the impurities which cause them. The only way to do this is by taking S. S. S., the complete history of your chief medical adviser, your special internist, or a reliable physician. Write at once to S. S. S. Co., 164 North LaSalle, Chicago, Ill.

LOS ANGELES (Loco Ahng-hay-las)

MEMBER OF THE ASSOCIATED PRESS.
 The Associated Press is exclusively entitled to the use for publication of all news and other matter hereon published in this paper and also the local news published herein.

MATTER OF DUES.
 If a girl dressed for prayer meeting the way she does for the front page of a magazine that goes into a million Christian homes the meeting would promptly break up in disorder and disgrace.

DAY AND NITRATES.
 The War Department figures on a profit of \$2,500,000 a year at the government plant at Muscle Shoals, Ala., in nitrates. In that case it should be even better at day rates—if the unions will give it a show.

CLUBBING FOR HOOVER.
 There are Hoover Republican clubs, Hoover Democratic clubs, women's Hoover clubs, independent Hoover clubs, people's Hoover clubs, Boy Scout Hoover clubs and a string of other Hoover organizations. It seems as if everybody was picking up a club on behalf of Hoover—that is, everybody but the Socialists. They would like to use a club on him in another way.

SENIOR WRANGLERS.
 Some day some able-bodied candidate will run for President on a platform which includes a demand for a constitutional amendment abolishing the United States Senate and he will get about all the votes there are. With Bush, Hiram and some others advertising it the Senate has become to the popular mind the greatest collection of common scoundrels ever assembled since the witches of Odoon had their fiery festival.

ON THE DROP.
 One of the new English theaters is to have a huge mirror to take the place of a drop curtain. This will enable a large portion of the audience to see itself without raising its neck. Lookout at the curtain with opera glasses would be more interesting than the show with some people. But occasionally there will be embarrassment when the parquette sights the balcony crowd. At any rate, the idea is interesting. The audience will furnish an ever-changing picture instead of the stock oil painting.

LAMING THE LANDLORD.
 They are after rent profiteers everywhere. In the Spanish settlement of L. Hill providing special tax against apartment houses is being voted upon. But any measure which inflicts additional taxes upon grasping landlords will fail. No matter how shrewdly it may be devised the tenant will in some form or other have to meet it in the final. The tenant is in the position of the well-known consumer. Own your own home and rent will be justly regulated by the well-known law of supply and demand. Building operations in Los Angeles have already ended the local situation and some of the governing apartment and flat owners will presently have a few vacancies on their hands and will be disposed to again treat their tenants as regular human beings. They can't have it their own way all the time. For ever the right comes upmost and ever is justice done.

SNOW-SHOVELING DAY.
 In some of the New England cities the entire population had to be called to clear the walks and pavements of the mass of snow and ice that came with the last storm. At Worcester, Mass., business was entirely suspended for one day while doctors, lawyers, preachers, teachers and schoolchildren joined with all other workers in removing the mountainous drifts of snow and ice. Instead of an arduous day or a day they had a snow-shoveling day and with the recurrence of another heavy storm the feat will be duplicated. By this means the town was rid of its burden of snow in a hurry and there wasn't much trouble from slush and water afterward. Therefore, snow-shoveling day seems to be established as an institution in black New England. Whenever a heavy mantle of snow covers the earth the fire department will sound the alarm and the entire population will heroically respond with shovel on shoulder to engage the white forces of King Boreas. No quarter will be shown and the attack of the doctory shovelers will be maintained until the streets are relieved of the last encumbering evidence of the snow lord's might.

Sometimes people who glance up at the front-bitten dome of Mt. Baldy fancy that they might strain a point and have a snow-shoveling day, but it is a false alarm. A people who reserve New Year's day for a tournament of roses can hardly hope to have a reunion of hardy snow-shovelers. They wanted to use a couple of snow shovels in a movie scene recently, but couldn't find one in town. The studio carpenter had to make one. Tourists who come from the North and East may bring their fur and overcoats with them, but almost without exception they leave their snow shovels behind. The baggage-room at the Alexandria has housed many quaint and wonderful things, but in the memory of the present staff not a solitary snow shovel has ever been submitted as security for entertainment. In the whole city one exception is noted, dating some seasons back. That was the case of a thrifty Scot from Banff who brought his shovel with him and buried it worked over into a tub to use on the Griffith Park golf links.

There can be no snow-shoveling day in Southern California.

In that respect New England will still have a distinct advantage.

EVERY MAN'S PRESENT DUTY TO

WARD THE H. C. I.
 Everywhere we look we stare into a wall behind which commodities are piled and to reach which we must cross the hands of the outer and the inner guards with much gold in the form of inflated currency. The world is crying in the wilderness of high prices for succor, and apparently there is no succor.

All sorts of plans have been tried to beat down the barrier; that is to say, all sorts of plans except the plan that will do the business, production on a scale that will force down prices by sheer weight. There are some indications that the tide has turned in this direction. It is the first faint glimmer of light which may mark the tunnel's end. There has been a marked diminution during recent weeks of the demand for luxuries, and there is a noticeable lessening in the volume of money being spent recklessly for all sorts of material, regardless of present need.

Some observers say that the constant talk of high prices for so many months has created a condition of mind, as a result of which consumers expect to pay several times more than an article is worth, and that accordingly they do pay the price without analyzing the reason. This school contends that there is really a plenty of commodities already on hand even food, to warrant a price reduction, but that dealers are taking advantage of the psychological condition which has been created and will not reduce their demands until the campaign of education has so far progressed that the consumer will no longer permit himself to be misled.

This may be true so far as some commodities are concerned, but there is still a scarcity in many lines which legitimately accounts for a portion of the high prices. The problem is to know just where to draw the line; to decide where profiteering begins and honest trading ends. Sufficient production would solve all doubts, for, with ample goods coming from producer and manufacturer, inflated prices could not long survive. Make more and spend less is the answer in the back of the book.

In the investment field there are gratifying signs of a returning national sanity. Bonds of proved merit are finding a better market, still at bargain prices, but less stocks are increasingly harder to move. Stocks and bonds travel as a rule in opposite directions; when one is up the other is down. Stocks have been in the doldrums recently, and many an air castle has tumbled.

Some brokers profess to believe that there will be another period of depression within a few months, as a result of which values will seek their true levels, and we can start again with the slate clean. It is true that there is a saturation point in both speculative securities and trade commodities, and it may be that Los Angeles will reach that point in some lines this year. If this should prove to be the case it will mean lower prices for such articles because, just that far, supply will have caught up with demand.

There has been so much discussion of impending reductions that some merchants have delayed stocking up to find when they re-entered the market that prices not only had not come down, but that they had actually advanced. The same condition has found expression in the attempt to force the cost of potatoes down by refusing to buy them. There has been no price response; pretty good evidence that the supply has not yet overtaken the demand. The excess-profit tax has undoubtedly resulted in considerable ill-advised spending in places where economy is ordinarily practiced, on the theory that funds might as well be spent in equipment and improvements as given to the government for dissipating in riotous living.

An eastern observer says that the high cost of living is the price we are paying for the necessary withdrawal of both capital and labor during the war, and that taking away necessary capital by additional taxation will further aggravate the situation.

The law of supply and demand is the fundamental law governing all commodities, and while there may be from time to time artificial inflation, such manipulation is speculative and cannot long reflect the true condition. Production means increased supply, economical and careful buying means decreased demand. When increased supply "meets up" with decreased demand something is bound to happen, and that something will be lower prices. Therefore, more, spend less and presently there will be a breach in that high-cost wall wide enough to drive a sightseeing auto bus through.

There is no royal road to felicity. We must all do our share and pull our part of the load. The wagon is beginning to move, and the accepted time to give it a concerted push on its downward course is now.

COMIC OPERA REVOLUTIONS.

Although Germany failed in her mad dash for world domination, she has the Central and South American republics backed off the boards in the matter of interior revolutions. She has staged more comic-opera revolts in a week than the most bumptious of the little South American or Balkan states ever pulled off in a year.

It is evident that the war left the Germans with a craving for excitement. They go at their government like a boy hammering the case off a watch to see the wheels go round. One Friday morning the form of government was a representative democracy. By Saturday noon the democracy was overthrown and the monarchists were in charge. There was nothing doing over Sunday for the Teutons will not work more than six days in seven, even in making and unmaking governments. By Monday noon the monarchists reached the conclusion that the game wasn't worth the candle, and the lights had all been turned off by a strike of the proletariat—so they cashed in and retired. Tuesday the Reds were running the country, but the pace was so swift that the German Michel grew dizzy and revolted. Wednesday afternoon found the Ebert government entrained to return in triumph to the capital from which it had fled so ignominiously five days before. But about the time the national special reached the suburbs of Berlin the army had risen and the military party appeared in the ascendant. Ebert and his government hurried back to safety and the government was run for a couple of days by the undersecretaries. This

Delaware is opposed to woman suffrage, of course, and she is not unwilling that Pierre Du Pont should pay \$2,500,000 to build schoolhouses for her. But what is to be expected of the whipping-post commonwealth?

If the Presidential aspirants who are now harrying the voters in the East would promise to abolish the horrible weather and mend the coal supply they would make more of a hit. The anti-Hitler platform would be just the thing in the Dakotas.

LAST OF THE ROMANOFFS.

Despite the efforts of the Bolsheviks to exterminate the breed of the Romanoffs, it appears that the Grand Duchess Olga, through the devotion of a peasant maid, has escaped the general slaughter. Sister of the Czar, she was sent with the other Romanoffs to a Russian prison, where she was supposed to have been condemned by a soviet local council and stabbed to death. But it now comes out that a daughter of a peasant, who served in the royal household, exchanged clothing with the Grand Duchess and took her place in the prison, and the royal prisoner was permitted to depart on the supposition that she was the maid. The peasant girl (with a devotion due to the heart of a Shakespeare or a Corneille) suffered the indignities that the Bolsheviks took a malignant delight in inflicting on royalty and went heroically to her death without revealing her secret.

The sister of the Czar was found by Red Cross workers in a hotel in Southern Russia, living the life of a peasant and devoting her whole time to relieving the suffering of those about her. Her identity was accidentally discovered, much to her regret. She declined to leave Russia and seek safety in a more civilized country, asserting that she owed her life to "her people." She is still in territory occupied by the Bolsheviks, where she is working to relieve the distress which the Bolshevik regime has caused. Knowing that her life hangs on the whim of the slayers of the rest of her family, she insists on staying and accepting the common lot.

Such devotion may serve to alter the verdict of other peoples concerning the personality of the Romanoffs. The Empress refused a safe conduct to Germany at the time the Brest-Litovsk treaty was signed, preferring prison and death with her husband to freedom in exile. The Czar himself refused to be a party to a plot for his escape, holding that it would be beneath his dignity to violate the laws of his country, even though those laws were enforced—more often violated—by a government composed of thieves, criminals and murderers.

"East is east and west is west." Tradition was stronger in the Romanoffs than love of life. Seventeen members of the royal family have been slain by the Bolsheviks. Trotsky is reported by one of his former allies, whose disgust was greater than his lust for power, to have boasted that he had stifled the royal breed, that none of the blood of the Romanoffs would be left to head a monarchical revolt. And Trotsky has now in his power one who escaped the general massacre.

The Grand Duchess Olga apparently courts martyrdom. Mysticism is strong in the Russian character. She may be sustained by the belief that a Divine power will not permit her family to become extinct. But, whatever the motive, the influence of her example will not be lost on the world outside of Russia, perhaps not on the Russian people themselves. A revolt against Bolshevik atrocities is already sweeping Russia. There are deeds which even tyrants cannot commit with impunity. Will Trotsky dare again to strike?

Delaware is opposed to woman suffrage, of course, and she is not unwilling that Pierre Du Pont should pay \$2,500,000 to build schoolhouses for her. But what is to be expected of the whipping-post commonwealth?

If the Presidential aspirants who are now harrying the voters in the East would promise to abolish the horrible weather and mend the coal supply they would make more of a hit. The anti-Hitler platform would be just the thing in the Dakotas.

OUR SUNNY FRIEND

Santa Monica-by-the-Sea.
 The famous Santa Monica Blue Laws may be enforced to the letter the coming season.—(News Item.)
 There are beaches where they aren't long on conduct.
 And men lounge in dishabille along the shore.
 Where they spend their days a-basking in the sunlight.
 In their trunks abbreviated, nothing more like a beach than a beach.
 But bet your life they don't get gay at Santa Monica-by-the-Sea.

There are beaches where the spooners love to gather.
 Where those whose hearts ker-throb in sweet attune,
 Sit along the shimmering sands sighing sighs and holding hands.
 In daylight's gleam or 'neath the summer moon.
 But bet your life they don't get gay at Santa Monica-by-the-Sea.

If you want to sport in trunks in that dear seaport
 You have got to keep yourself out in the ocean.
 If you want to court a girl at that dear seaport.
 Do it dignifiedly or forget the notion.
 Bet your life you don't get gay at Santa Monica-by-the-Sea.

Billie Lale says he sees by the papers where a fellow who ought to have run a pawnshop, if names mean anything, for his name was Einstein, has made a discovery about what he calls relativity, and there aren't more than a dozen people in the world smart enough and well enough posted to know what relativity is, but he bets it is something like the way he felt when he had two weeks off and went to Princeton to spend them and got caught in a bubonic plague quarantine and had to stay in the woven-wire corral on Angel Island.

Mornings he used to look up to the top of the hill and see the soldiers from Fort McJannet taking their morning sprint over the island.
 They had seven miles' range where Billie had but a hundred rods and he thinks relativity was what made him envy them.

His Cousin Anne says balloons are made out of something that stretches easily and holds hot air well and, she has seen some smart people that had the swelled head, generally speaking, take patterns after the balloon-maker in her choice of material.

Favorite Foods.
 Of the matinee girl, dates:
 The lover, mush;
 The rounder, chicken;
 The married man, stew;
 The safe-cracker, soup;
 The miser, hare;
 The pessimist, crab.

The Weak Brother.
 Pa'son Johnson likes to tell about 'O' Moses 'n' his band.
 'N' about 'the' tribulations 'n' 'the' trials.
 How they lingered in the wilderness beside the Promised Land.
 After they had tromped so many weary miles.
 But, paw! they neve' had to raise their grain.
 In a new-ground patch like I has got to fight;
 Why ain't o'ush trials easy, Lawd, like those they had of old.
 Why is it so hard now to do the right?

Events That Should Have Happened.
 Up the slope of a steep hill and toward the setting sun strode a traveler. His beard was unkempt, his clothing all too meager to shut out the chill of the coming night. As he strode he glanced almost momentarily over his shoulder.
 From time to time he paused as though driven from sheer exhaustion, but never for more than an instant, and when he resumed his way he pressed onward as though to make up for even such infinitesimal stoppages.

Up the slope of the same hill and toward the setting sun strode another wayfarer. He was small and beardless.
 His frame was that of extreme youth, but his countenance was stamped with an expression no less weary than that of his predecessor. Though his life had been short, it had been a doleful one.
 As the leader made one of his momentary pauses the pursuer made a Herculean effort and overtook him. The man's face lit up when he saw the child, but only to fall again. The companionship of so sorrowful a creature as this promised little in the way of lightening the elder's burden of existence.

"Can there be," asked the man, "another in the universe as friendless as I, another urged by the same impulse as I to go on and beset by the same weariness?" Child," said he, and his voice was full of the weariness of the ages. "I am the Wandering Jew, cursed by the Master to go on while time shall last. Who are you?"

"I," said the child, and his voice also was full of the sadness of the ages. "I, too, seem doomed to go on till time shall be no more. I am the American Ratification of the Peace Treaty." THREE FALLS.

Finally Sheek Him.
 "Alky fell in love with a girl at the glove counter. He bought gloves every day for a week. To discourage his raptures she became a manicurist."
 "Then he had his nails manicured every day. I suppose."
 "Just so. However, I don't think he will follow her any further."
 "Why not?"
 "Then she got employment with a dentist."
 "I'll bet."

APT QUOTATIONS.

William M. Taft.
 He hath made use and fair advantage of his days.
 His years but young, but his experience old.
 His head unmelting, but his judgment ripe.
 And, in a word, but far behind the worth.
 Comes all the praises that I now bestow.
 He is complete in feature and in mind.
 With all good grace to grace a gentleman.
 His words are bonds, his oaths are oracles.
 His love sincere, his thoughts immaculate.
 His tears pure messengers sent from his heart.
 His heart as far from fraud as heaven from earth.
 —(Shakespeare.)

The Bolshevik.
 What would you have, you curs, that like poor peace for war, the one affrights you.
 The other makes you proud. He that trusts to you
 Where he should find you lions finds you hares;
 Where foxes, geese; you are no surer, fox.
 Than is the coal of fire upon the ice,
 Or halstone in the sun. Your virtue is to make him worthy whose offense subdues him.
 And curse that justice did it. Who deserves greatness
 Deserves your hate; and your affections are
 A sick man's appetite, who desires most that which would increase his evil. He that depends
 Upon your favors swims with fins of lead.
 And hews down oaks with rushes. Hang ye! Trust ye?
 With every minute you do change a mind.
 —(Shakespeare.)

Prohibition.
 Wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise.
 —(Proverbs, xx:1.)
 O when we swallow down
 Intoxicating wine, we drink damnation:
 Naked we stand the sport of mocking winds
 Who grin to see our noble nature vanquished.
 —(Charles Johnson.)

What detest'ous thousands just within the goal
 Of wild debauch direct their nightly course!
 Perhaps no sickly qualms bedim their days.
 No morning admonitions shock the head.
 But, ah! what woes remain? Life rolls apace.
 And that incurable disease, old age, in youthful bodies more severely felt.
 More sternly active, shakes their blasted prime.
 —(Armstrong.)

To be now a man, presently a fool, and by and bye a beast.
 Oh, feeble spirit of wine, if there is no other name to designate thee.
 Let us call thee devil.
 —(Shakespeare.)

William W. Johnson.
 He sits among men like a descended God.
 So full of wisdom, gravity and self-control.
 As he should say, I am Sir Oranla.
 And when I open my lips, let no dog bark.
 —(Shakespeare.)

And 'tis remarkable that they Talk most that have the least to say.
 Your dainty speakers have the curse To plead their causes down to worms;
 As dimes, who native beauty want, Still uglier look the more they paint.
 —(Prior.)

Therefore, the vulgar did about him flock
 And cluster thick unto his leanings vain
 (Like foolish flies about a hony crock)
 In hope by him great benefits to gain
 And uncontrolled freedom to obtain.
 —(Spenser.)

Gen. Leonard Wood.
 The brave man is not he who feels no fear.
 For that were stupid and irrational; But he whose noble soul its fear subdues.
 And bravely dares the danger nature shrinks from.
 —(Joannes Bailie.)

Prepper Place for Anarchists.
 A large proportion of the anarchists are crazy men. What they need is not the jail, but the insane asylum. The man who assassinated the Crown Prince of Austria and precipitated the war was insane. Anyone who talks anarchist lingo is crazy.
 And that's the truth without frills.
 —(E. W. Howe's Monthly.)

A Ringers.
 "Now, I have accepted you, you must go and see papa," said the sweet young thing on the sofa.
 "But you told me to speak to your mother, and I did," replied the man by her side.
 "But you know, papa sells rings!"
 —(Yonkers Statesman.)

PEN PO

Why don't you write me, Herbert?
 So far the Harrower has escaped the support of a letter.
 Possibly the Harrower was equipped with a pen.
 The Harrower was captured. Chas. But we have Chow.

The demand for the Harrower has declined. The Harrower is a tremendously limited.

They are already in Washington what chance President will attend.

Of course, Herbert has business in England but he has never learned to write.

You may not know it, girls are the best of us. We know they cannot get looks.

If the ex-Kaiser were sanity defense there would be no need of the hyphenation.

Of course, if the Harrower brought the war with him, Dempsey would not have exemption.

With the coming of summer season the day is longer. It is a tedious time to be encouraged.

Eat more mutton, a wool and a possible price of all-wool clothes you ever thought of.

Communication with the world has joined the Harrower. Oulia boards in price from \$1 to \$100.

Boats are coming to enable the wacker to shoe appear like a wacker demand can hardly be made.

The merchant who clothes are going to have a lot to sell. The human nature even is a lot.

The wholesale dealer is reported from London, shepherds are waiting all seated on the grass night.

Some fine day I will be in this country to get a vacation without a speech wanted and not as vocal abilities.

An Englishman will cure Bolshevikism. He will cure a young man who is on the Ollivier road to be sent to Petrograd.

We often wonder the supply of the old world finds on the corner of the doctor's office when a rival of the medical world.

Considerable work will be in order. Southern California, fine our share in the territorial for breakfast.

In the old days, able to keep the testis in fabric good condition was before the advent of candy. Now it is a lot.

It is announced that a man and wife to get a complete set of about the time they get the children and then they leave them alone in a lot of couraging?

There is at least one sold in favor of less sheets of music titles, but the stiff country. This enables many players to get the way out as professional dancers.

The race between speed and the Harrower is a breathless interesting to neck-and-neck quarter in the country horse race.

MY PRAYER
 O God, who giv'st Thy love vary—
 To these let me draw near, for me
 Myself, I gave upon Thy yield.
 Youth, ambition, love, love yield.
 Up the steep path, Thy cross drive—
 My son did bear a cross, and Thine—
 Thine—
 Bravely he bore it, and he died—
 And I am lonely now, and I am left.
 Upon Thine own a cross, and Thine—
 Mine were a heavy cross, and Thine—
 Thy triumph upon Thine, and Thine—
 he'd bring
 To place, low at Thy feet, and Thine—
 only King.
 With Thine Thy hand in mine, and Thine—
 ing lay
 Upon his youthful brow, and Thine—
 day.
 My heart would feel the cross, and Thine—
 of his smile.
 And sorrow, chastened, and Thine—
 tents awhile.
 As now, Thou hast Thy right hand,
 Grant me to meet my own, and Thine—
 homeland;
 Whence the sorrow, and Thine—
 loosened be,
 Earth's wasting sorrow, and Thine—
 eternity.

Why don't you speak for Ben Hur? No far the Hoover has captured the support of W. J. Hoover. Possibly the heart of the Hoover is captured by a chocolate. The Hoover is reported to have captured China. But the Hoover has a Chow.

The demand for non-refugees has declined. Their use is extremely limited. They are already discouraged. Washington what church the President will attend. Of course, Herbert Hoover was business in England for some time but he never learned to drop it.

You may not know it, but the girls are the best dressed. They know they cannot get by with looks. If the ex-Kaiser sets up a family defense there will be no need of the hypothetical situation. Of course, if the Kaiser brought the war over here, the Dempsey would not have had exemption.

With the coming on of the summer season the days are longer. It is a tendency that should be encouraged. Eat more mutton, it makes wool and a possible reduction in price of all-wool clothing. You ever thought of it?

Communication with the world has been joined the high end of living. Ours boards have advanced in price from \$1 to \$1.25. Seats are coming in again. enable the wearer to make a shoe appear like a whole one. The demand can hardly be supplied.

The merchant who advertises his clothes are going higher or lower has a lot to sell. There is a human nature even in advertising. The wholesale stealing of clothes is reported from Palestine and the shopkeepers are watching their backs all seated on the ground, all night.

Some day it will be possible to keep the teeth of the country without a speech. I wanted and not an exercise of vocal abilities. An Englishman says the only cure for rheumatism is to know a young lady who lives on the Olive-street hill who will be sent to Petrograd.

We often wonder at the supply of the old man who finds on the center table in a doctor's office when waiting for arrival of the medical man. Considerable areas of business will be in evidence on the Southern California, the one that our share in the country is intended for breakfast food.

In the old days it was possible to keep the teeth of the country without a speech. I wanted and not an exercise of vocal abilities. An Englishman says the only cure for rheumatism is to know a young lady who lives on the Olive-street hill who will be sent to Petrograd.

SOCIETY.

BY VIRGINIA WOODS.

For Distinguished Visitor. Mrs. Charles J. Doherty of Toronto, Can., is the motif for a large luncheon that Mrs. Edward Laurence Doherty of 8 Chester Place is arranging for Friday, April 9. Mrs. Doherty is the wife of Chief Justice Doherty of Canada. It was in Europe that they and Mr. and Mrs. Doherty met. Chief Justice Doherty having gone over to the peace conference with Sir Fred Borden.

By Mr. and Mrs. Harrison. In honor of Mrs. Mary Banning Norris, who is soon to leave for New York before sailing for Europe, Mr. and Mrs. William Preston Harrison entertained a small company at dinner last evening, followed by a box party at the Macon opera-house. The table was centered with a basket filled with mixed spring blossoms and plates were set for Mrs. Norris, Mr. and Mrs. Hancock Banning, Capt. A. R. Ellis and Mr. Roger Desiring, Mr. Desiring is here from Chicago. Former Mayor and Mrs. Carter H. Harrison who were visiting Mr. and Mrs. William Preston Harrison and who were so much entertained, have returned to Chicago.

By Mr. and Mrs. Holterhoff. Mr. and Mrs. Godfrey Holterhoff, Jr., are planning a dinner party for the evening of April 8, in honor of Mrs. Braden Kyle of Philadelphia, a house guest of Mr. and Mrs. Russell McDonnell Taylor. They will have twenty guests.

By Mr. and Mrs. Barrage. Mr. and Mrs. A. C. Barrage of New York, are entertaining at dinner this evening at the Hotel Huntington and are having twenty guests.

By Mr. and Mrs. Schwegge. Mr. and Mrs. Richard J. Schwegge are giving a luncheon day at the Chase Country Club in honor of former Secretary of the Interior Franklin K. Lane. Among the other guests are Mr. and Mrs. John J. Mitchell, Mr. and Mrs. John G. Schedd, Mr. and Mrs. Russell McDonnell Taylor, Mrs. Braden Kyle, Mr. and Mrs. Edward Laurence Doherty, Mr. and Mrs. Robert D. Clark, Mr. and Mrs. James Rathwell Fagan, Mrs. I. M. Van Natta and Mr. and Mrs. Robert Hunter and others.

By Mrs. Evans. Mrs. W. E. Evans gave a luncheon at the Mary Louise Tea Shop on Saturday, having as guests, members of the programme committee of the Goodwill Tuesday Afternoon Club. Mrs. Mable Franklin Ocker, Mrs. Charles H. Toll, Mrs. Leon N. Hagood and others were there.

Dinner Dance. Mr. and Mrs. J. W. Rosch and Mrs. Agnes Rosch Daniels of Pasadena were hosts at a dinner dance, Saturday evening in the Palm room of the Hotel Maryland, Pasadena. The table was decorated in baskets of pink Columbia roses and spring flowers and little figures in pastel shades marked plates for Messrs. and Meses. E. D. Rinker, J. H. Harrison, Albert Wolf, James Furrow, Frank Day, Gustave Nelson, Lon Chapin, Louis Wolf, C. H. Puckett, Walter Bradley, Stephen E. Wolf, Frederick Wagner, Charles Shade, E. C. Rosch, E. H. Huntington, Orlando Keck, Paul Wolf, Legal, Messrs. Elizabeth Furrow, L. Gout, Elizabeth Raneck, Nellie Edwards, Lena Rosch, Ruth and Avis Regal, Messrs. R. L. Richards, Edwards, Ed Bradley, James Frost and Messrs. George Raneck, and Gerald Keck.

By Mr. and Mrs. Orr. Mr. and Mrs. William Mead Orr were hosts at a delightful mid-day dinner on Sunday, in honor of their nephew and niece Mr. and Mrs. Benson of New York. Other guests were Judge and Mrs. Albert Miller Stephens, Baron and Baroness Alfred de Ropp, Mr. and Mrs. Harton Singer and Mr. and Mrs. Culcock Jones.

By Mr. and Mrs. Knox. Mr. and Mrs. Clarence M. Knox were hosts last evening at a large reception which they gave in the assembly room of the Hotel Alexandria in honor of Mr. and Mrs. Harry W. Dubleke. The decorations were in accents and other spring blossoms.

Engagement Told. Dr. and Mrs. Fred W. Rayburn of 442 Alvarado Terrace, announce the engagement of their daughter, Miss Anita Rayburn and Mr. Herbert Ricks Cook. Miss Rayburn is just home from an extended eastern trip. Mr. Cook was formerly from Denver but is now associated with Albert Brothers Milling Co. of this city.

Birthday Tea. In celebration of the birthday of Mrs. George E. Doughty, her daughter, Mrs. E. Rogers and Miss Grace Doughty, gave an afternoon tea at which a group of eastern and Los Angeles friends were asked. Among these were Mrs. Clarence Indium, Mr. and Mrs. James Snydam, Miss Sarah Post, Miss Mary Hendrickson, Mrs. Josie Winans, Mr. and Mrs. Clarence Valentine, Mrs. Frank Powell, and Mrs. Hough.

By Dr. Hatchins. Dr. M. Len Hutchins of 6011 E. Sanborn avenue, gave a luncheon in honor of Mrs. L. H. Lane of Boston. Covers were laid for sixteen. After luncheon the guests were served for the night.

Winner Dance. The Los Angeles Country Club was Committee.

ESCAPE OPENS WAY TO PRISON.

Man Who Saved Way Out of Jail may Pay for Act in Penitentiary.

Edward E. Barber, accused of "injurying a public jail" by sawing three bars from a window in the Litchfield Heights prison while confined there, changed his plea from not guilty to guilty yesterday in Judge Craig's court. He asked for probation and will be given a hearing April 19. The charge is a felony.

on Saturday evening the scene of an enjoyable dinner dance at which Mr. and Mrs. Jess Applegate of Toronto, Can., were hosts. Their guests included Messrs. and Meses. J. S. Barrow, M. J. Henchey, Harvey Deardeff, E. A. Talbot, W. J. Hubbard, W. A. Bonney, A. E. Bonney, Jr., Joseph W. Norvell, George Walker, Roger Miller, William Gibbs, Jr., Orra E. Monnett, E. H. Berry, J. M. Burdette, T. Hudson, Dr. and Mrs. C. R. Lutton, Dr. and Mrs. Arthur Golden, Mrs. Lawrence Sinclair, Miss Eleanor Anderson, Miss Grace Applegate, Messrs. Kays, Ross Farrow and Harold Goddard.

Engagement Told. At a dinner party given by Mr. and Mrs. W. Fowler of 1717 Fair Oaks, South Pasadena, last evening, announcement was made of the engagement of their daughter, Miss Helen Fowler and Mr. Delos Eldred. Plates were set for fourteen, including a number of former Occidental classmates. After dinner the company was assembled at a double box party at the Morocco Theater. Both Miss Fowler and Mr. Eldred, who is a chemist, are graduates of Occidental. She is a member of the Delta sorority. The wedding will take place, May 11, at the Fowler home. Miss Fowler is a sister of Ward Fowler, sports editor of The Times.

For Miss Waddell. Miss Anna Waddell of Santa Barbara was the inspiration for a luncheon on Friday, at the Hotel Van Nuys, at which Mrs. Hugh M. Love entertained. The guests, later attended the symphony concert. Miss Waddell's home is in Perth, Scotland, but she has recently acquired a studio home on Annapolis street, Santa Barbara, being a very successful scenario writer. Mrs. Love is returning to Santa Barbara with Miss Waddell and will make her home at the Arlington Hotel for several months.

Personals. Mr. and Mrs. Lee Allen Phillips of Berkeley Square, left Sunday for a stay of six weeks in New York. They were accompanied by Mr. and Mrs. Araya, a pair of Californians. Mr. and Mrs. Eugene Tilden of Hollywood, are guests at the Hotel Oakland, where they will spend two weeks. Miss Catherine Tilden who is attending Mills College, will spend Easter vacation with her parents. Mr. and Mrs. Edwin Marshall of Columbus, Ohio, will soon return East after a winter spent in Los Angeles. Mrs. Marshall is a singer and sang at numerous affairs while here. Mrs. Walter Colburn and Mrs. Imogene Lyons of Peoria, Ill., who have been in Coronado all winter arrived last evening and are guests of Mr. and Mrs. Robert D. Clarke of 499 South New Hampshire avenue.

ECHO OF OLD VERNON CLUB GAIETY IN SUIT.

COURT SAYS J. E. INCE NEED NOT CASH CHECK WRITTEN UNDER BRIGHT LIGHTS.

Echoes of the old Vernon Country Club gaiety, were heard in Judge Shek's court yesterday, when, during the trial of the suit of Charles Ward to collect from John E. Ince \$1000, testimony was given to the effect that the dapper entertainer in the clubhouse had received from patrons as high as \$2200 in one night.

Mr. Ince, the evidence showed, was a patron of the club one evening and being desirous of special entertainment, wrote out a check for \$1000 for the entertainers. Realizing later that he had been foolish, he notified the bank upon which it was drawn to stop payment. The check, after receiving several indorsements, was presented and payment refused. Suit was then brought to collect the amount.

Dudley W. Robinson, Mr. Ince's attorney, contended that the check was without consideration and further, that it was given at a time when Mr. Ince was dazzled by the bright lights. Judge Shek gave judgment in favor of Mr. Ince and against Mr. Ward.

TO SELL FIRE HOUSE. The City Council sent to its Public Safety Committee yesterday a report from the Fire Commission, recommending the advertisement for bids for the purchase of the old fire house at Seaside avenue and Altona place, Terminal Island. Recently the fire department moved from the city to Fish Harbor a bungalow-type fire house and the Fire Commission yesterday asked for an appropriation of \$1000 for the purpose of remodeling the building thus moved. The request was sent to the Finance Committee.

Fashions for Easter

Suits, Dresses, Wraps, Sports Apparel

Easter just around the corner! But women who wisely shop at Coulter's will find us amply prepared with choicest fashionable garments, and with every facility for promptly and correctly making such alterations as may be necessary. Furthermore, the quality obtainable here, at extremely moderate prices, is a source of great gratification to our patrons:

Extra Fine Taffeta Dresses

With butterfly skirts and narrow belts of self material, short cuffed sleeves, and entire bodice back and front—are but one of a variety of new models in these popular dresses that are fairly selling themselves—in all sizes and shades, beginning in price at \$28.50.

Wool Dresses

Tricotines with short sleeves and pretty colored embroidery for adornment; some fashioned with pleated skirts and Eton jacket effect, with large girdles. No style of dress is more fashionable, and none can be better value, at

\$74.50

Serge Dresses

With accordion pleated skirts; handsomely embroidered with gold, will become almost any figure, and are \$65.75. In navy serge—always a favorite—there are long waisted lines and pleated styles, with self belts and big button trimming, at

\$47.50

Smart New Suits for Spring

May be had in tricotines, serges, checks, velours, mixtures—all of them masterpieces of tailoring; all of them made distinctive in some striking fashion or other.

Very New Styles

Show a longer coat—or an effect of length which was sponsored by Paris—this type of suit gives the much-desired slender and youthful lines. String belts, silk vests or a bit of embroidery add the finishing touches to these.

Priced at \$52.50 to \$169.50
(Third Floor)

TO CHARGE CUSTOMERS: All purchases made on and after March 25th appear on statement due May 1st, 1920.

Creating An Independent Estate

The average man works a lifetime creating a business. It requires strenuous, unremitting toil to put his business on a sound footing. With many, death intervenes before plans are completed or before the business is in the best of shape to turn over to heirs or dispose of for their benefit. Too often, when the guiding spirit is gone, a business turns out to be a small asset to an estate.

While devoting his energies to building his business, if a man makes it a point to create an independent estate, also, he will have an anchor to windward for himself, a separate fund to tide his family over immediate emergencies, and, meantime, an additional source of income which will always stand him in good stead.

The "Bank of Italy Trust Plan" for creating and enlarging an independent estate is a plan which embodies all the best methods for establishing an invested reserve. Every business man should post himself thoroughly on this plan. Our Booklet gives him the means for doing so.

RAPS RYCKMAN IN I.W.W. CASE.

Court Stops His Attacks on Anti-Syndicalism Act.

Expect Steelink's Fate to be Decided Today.

"Foul Perjuror" Arraigned as Lawyers Argue.

Argument in the case of Nicholas Steelink, reputed I.W.W., on trial before Judge Willis and a jury on a charge of criminal syndicalism, took a sensational turn yesterday when the court called J. H. Ryckman, of defense counsel, to account for denunciation of the criminal syndicalism act.

"You are in the wrong forum, Mr. Ryckman," said the court. "This jury is sworn to uphold the laws as they are. If you complain about the law, the proper place is in the State Legislature."

Mr. Ryckman continued his attack on the act.

MUST UPHOLD LAWS.
"If you want to practice in this court," said Judge Willis, "you will have to make remarks of that sort. You know what your oath as a juror requires, that you are sworn to uphold the law of the state, not to secure them."

"My idea as to this law and what I may be permitted to say as to it does not harmonize with Your Honor's views, but I will be guided by what you have to say in the matter," replied Mr. Ryckman.

There was a moment of suspense, while the judge looked at the counsel, and then court was adjourned until this morning, when argument will probably be completed and the case placed in the jury's hands.

Deputy District Attorney Keyes opened the State's argument by a comprehensive review of the evidence and of the rise of the I.W.W. He called attention to an open book in I.W.W. literature that the organization was causing California a loss of \$8,000,000 a year because of the prosecution of Ford and Suhr, convicted of murder in Northern California. The argument will be taken up again today by Mr. Woolwine and Mr. Keyes. When testimony was ended, Mr. Woolwine offered to submit the case to the jury without argument, but defense counsel objected.

REFUTE GONYOU.
John Dymond and Elbert Cottle, former I.W.W., who testified for the State, were called yesterday to refute a claim of Mike M. Gonyou that the law had been passed near Thornton on December 25, 1918. They both proved they were elsewhere.

J. R. Young of the United States meteorological station here, testified that Gonyou could not have taken to the other two in the light of the moon, as he claimed, for the moon did not rise until after midnight that night.

Defense Counsel Ryckman and S. O. Pandit failed to get an adjournment to have the court declare a mistrial and grant a new hearing. They filed an appeal, but the court argued after the jury had been excused, in which it was alleged that Gonyou was arrested in the courtroom in full view of the jury, could not help being prejudiced.

Judge Willis denied the motion. He said the arrest did not occur in the courtroom, but in the corridor and away from the jury.

Dist. Atty. Woolwine declared that Gonyou was arrested in the courtroom, but it did not occur in the courtroom, but in the corridor and away from the jury.

It is asserted that Amelia was arrested on a charge of forgery and that the case was later dismissed in the justice's court on the ground that the evidence was insufficient.

The damage suit complaint prepared by Attorneys J. T. Rowland and A. J. Quarles asserts that the defendants have operated and conspired against the plaintiff for several years and unlawfully obtained \$12,000 worth of property from the plaintiff, getting information from their mail, collecting rents and breaking up a home.

PASS FRAUD SUSPECT
IS GIVEN MORE TIME.
Harrison C. Cash, the last of the asserted conspirators in the counterfeit railroad pass case, was arraigned before United States District Judge Tippet, yesterday, and given until next Monday to plead. On that date all of the defendants in the case, with the exception of Theodore W. Powell, who has pleaded guilty and been sentenced to twenty-one months in the Federal penitentiary at McNeil Island, will be asked to plead to the indictment. No demurrers have yet been filed in behalf of any of the accused.

COINS FALL INTO LOAVES.
Large loaves of bread, used as money-boxes by enthusiastic society women, were filled yesterday when the American Jewish Fund drive opened here. These workers selected vantage points at the principal street corners and in hotels. Hundreds of other solicitors invaded the residential sections and office buildings, collecting coin for sufferers from the war.

A monster paper-mache loaf, representing the \$275,000 share that the Los Angeles has to raise of the national quota of \$25,000,000, will be paraded through the streets today mounted on a big truck. It will be in charge of dainty 8-year-old Miss Sarah Cohn, who will be in a costume to represent the starving children in Central Europe for which this fund is being gathered.

"Do not wait to be solicited; send in your contributions at once," is the request made to citizens by Campaign Chairman H. M. Haldeman. "It is impossible for the workers to cover every home and every business office," he said. "The time is too short. This money is needed now in Europe and our campaign on April 4. Los Angeles has been asked to send a \$275,000 share through these people. The good it will do to raise the several millions that might be subscribed tomorrow. Send your subscriptions to headquarters and get your share certificate at once."

CITY REFUSES CORNER FOR INDUSTRIAL USE.
The City Council yesterday denied the petition of certain property owners that property at the corner of Seventeenth and Bantre streets be set aside for industrial purposes. The Council also denied the petition of E. H. Riley that it set a price on the triangle park bounded by Bellevue avenue, Sunset boulevard and New High street.

A communication was received from the Chamber of Commerce in denouncing the plan of the Council to eliminate public garages from residential districts. The request of certain property owners that property at the northeast corner of Fifty-eighth and Montana avenues be declared industrial was referred to the Public Welfare Committee.

WOMEN'S WORK, WOMEN'S CLUBS.

BY MYRA NYE.

Woman's City Club.

If on the first Sunday in May the churches are depopulated or all the members are late, it won't be the fault of the people or the pastors. On that day, according to E. L. Lewis, superintendent of the Los Angeles Railway, everyone of the thirty-four lines in the city, with the exception of the West First-street line, will be rerouted. At the Woman's City Club yesterday afternoon Mr. Lewis appeared as an unexpected speaker.

Assistant City Attorney Jess Stephens had been scheduled to speak on the no-parking ordinance, but Mrs. Herman Darling, president of the club, announced that he would be the speaker next Monday. Instead, and that Mr. Lewis would speak in his place.

The Temple-street line and Crown Hill will be the ones where the one-man car will be first tried, Mr. Lewis told the clubwomen. If successful, this plan will be in operation throughout the city within a few months. The present routing and duplication is intolerable and impossible, Mr. Lewis stated.

Our street cars, he stated, travel a distance 85,000 miles every day, and carry a daily average of 193,000 passengers over 370 miles of track. To avoid as much as possible the congestion of the city, the curve at Seventh and Broadway, too much traffic on Fourth, which is the narrowest street in the city, and the congestion in front of the tunnel at Third and Hill, all traffic will be reduced in these streets. The Griffith and Griffith-avenue line, first in the city, will be rerouted to its early route of thirty years ago and thus reach the shopping district seven minutes earlier.

Rabbi Meyers made a plea to the clubwomen for the American Jewish Relief drive. He read an original poem and quoted from Israel Zangwill, who knows the needs of the starving Jews throughout the world, from first-hand knowledge.

Dr. H. K. Kaysnes spoke before the political class, his alleged subject being the initiative, referendum and recall. The whole of Dr. Kaysnes' address was to bolster up the single-tax campaign. Some of the women took the doctor to task for the killing of the single-tax campaign. Mrs. Herbert S. Cable is leader of the class.

EBELI CLUB.
"The Democracy of the Bible" was the subject of Mrs. W. S. Bartlett before the Eboli Club yesterday. She traced in logical manner the influence of the Bible upon the laws of our own country, from the drafting of the Constitution, May 14, 1787, to the present time.

That all law is based upon the Ten Commandments of the Old Testament and the one supreme commandment of the New Testament, that all law is based upon the Ten Commandments of the Old Testament and the one supreme commandment of the New Testament, that all law is based upon the Ten Commandments of the Old Testament and the one supreme commandment of the New Testament.

Miss Emily F. Morrison, a former Californian, now of Philadelphia, appeared before the club and spoke of her home for delinquent girls. During the period in this work she is about to become the superintendent of a famous home near Philadelphia, where there are about 400 girls, the well-known philanthropist and social worker, Miss Morrison expressed her interest in the work at the El Retiro in the San Fernando Valley. Although less than a year old, she stated that she regarded it as one of the best of the United States.

TO SURVEY STREAMS.
Supervisors Ask for Larger Appropriation From the State.
With only an appropriation of \$1000 a year to defray the expense of collecting data on rainfall and annual run-off of streams in Southern California, while there are \$500,000,000 worth of irrigation and flood control projects pending, the Board of Supervisors yesterday adopted a resolution asking the Legislature to appropriate \$100,000 to assist hydrographic survey work.

A. L. Bonenberger, chairman of a committee of the American Society of Civil Engineers, appeared before the Supervisors yesterday and explained that this great work is languishing because it seems impossible to get an appropriate sum from the Legislature. The committee is endeavoring to aid in the work of collecting rainfall and river data from the mountain regions in Southern California.

SETTLES LABOR TROUBLE.
Capt. Charles T. Connell, Federal labor conciliator, returned yesterday from Bakersfield, where he amicably adjusted a threatened strike of female employees of the Bakersfield sugar refinery. An agreement was reached by which the minimum wage of \$15 a week, or \$45 a month, was arranged. The adjustment was satisfactory to all concerned, Capt. Connell states.

SEEKS NEW TRIAL.
Hearing on an argument on a motion for a new trial for J. T. Christian, convicted of a statutory offense against Jennie Gross, aged 13, was set yesterday for Monday by Judge Craig.

ASPIRIN—Its Uses
First Introduced by "Bayer" in the Year 1900.
The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for millions of years. The name "Bayer" means genuine Aspirin proved by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Head-

aches, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and Pain generally. Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-gists also sell larger packages.

SEEK NEW DATA IN DEATH CASE.

Inquest Throws no Light on Murder of Mrs. Reed.

Further Inquiry Results of Conference on Evidence.

Officials Intimate Poynter will be Given Liberty.

Following a conference with Deputy District Attorney Stafford in his office yesterday, Detectives O'Brien and Winn, in charge of the investigation into the murder of Mrs. Ruby Gertrude Reed, announced last night that if two more points in the story told by Spencer L. Poynter, one of the two suspects in custody, are checked up today, the man will be released from custody.

This decision was reached after a thorough discussion of the evidence against Poynter and George W. Fredericks, the other suspect. Fredericks, the detectives said, will be held a little longer to give the officers a chance to inquire into some of the unexplained features of the case against him, and his story of his connection with the case.

Miss Myra Peet, Mrs. Reed's intimate friend, Clarence Abner Austin, an acquaintance, Detectives O'Brien and Winn and Mr. Stafford took part in the conference. At the conclusion it was announced that no complaints were issued, and that a further investigation will be made by the police.

Miss Peet, it was learned, went over the evidence given by her at the coroner's inquest, and old of having conversation with Mrs. Reed over the telephone, in which the woman said, "Spencer is here."

After Coroner Hartwell concluded his inquest at the undertaking parlors of Alvarez & Blue, at 580 Court street, the arrangements for the funeral were completed by the undertaker. The service will be held this morning, at 10 o'clock, from the Alvarez & Blue parlors, and will be followed by interment at the Hollywood cemetery. The funeral will be private.

NO BLAME FIXED.
The inquest did not develop any blame or assign any responsibility to the case. The coroner's jury returned a verdict that Mrs. Reed met death from "irritation of the stomach by eating of a poisonous substance."

Coroner Hartwell questioned the witnesses, Clarence Abner Austin, Mrs. Peet, Detective Zeigler and Winn and County Assessor Burroughs.

Mrs. Peet, according to Miss Peet's testimony, was born at Leavenworth, Kan., and was 27 years old. She had lived in Los Angeles about two years, was married and had been divorced some years ago. No names of relatives were mentioned.

Miss Peet, according to Miss Peet's testimony, was born at Leavenworth, Kan., and was 27 years old. She had lived in Los Angeles about two years, was married and had been divorced some years ago. No names of relatives were mentioned.

The witness declared that Mrs. Reed was very fond of Fredericks at one time, but that two weeks before her death she said she was going to give him up entirely. The other woman in the case, Miss Peet said, someone Fredericks knew in Chicago about two years ago, and that woman was married, she stated.

FOR THE LEGION.
Attorney H. H. Harris, representing the American Legion, appeared for Poynter, who is a member of that organization.

The significant points in the testimony of Miss Peet that Mrs. Reed saw Fredericks on a Thursday before the murder and told him not to see her again, the statement of Detective Winn, in reply to a question from Attorney Harris, that Poynter said the conversation overheard by him while in the Reed apartment Tuesday night was with a man who appeared to be anxious to come to California after more than two years, this presumably, was Fredericks asking for the money Mrs. Reed had promised that morning.

An unnamed engineer from Chicago was brought into the case when Miss Peet said Mrs. Reed told her a few days before the murder that she met the man and he asked her to go to the Orpheum with him, and she refused.

Detective Winn said he and his associates had checked up the stories of Fredericks and Poynter, and so far were unable to shake them.

TO INSPECT ENGINES.
Albert W. Lawson, surveyor to Lloyd's Register of Shipping, is here from San Francisco in the interests of San Francisco concerns. Several northern shipbuilders have purchased engines from the Llewellyn Light Works and as all equipment registered by Lloyd's must be standard, Mr. Lawson has come here to view the work.

DROP HARPER RAID CHARGES.

"Confusion" Given as Reason by Deputy Prosecutor.

Important Witness is Said to Have Disappeared.

Evidence Against "Lady Men" Deemed Insufficient.

Vagrancy cases, growing out of the sensational raid by the police several weeks ago on the home of former Mayor A. C. Harper, West Twenty-eighth street, where a "masquerade party" was in progress when the party squad took a hand in the proceedings, were dismissed in Police Court yesterday. The dismissal was made on the motion of Deputy City Prosecutor Pandigant before Police Judge Chambers, sitting for Police Judge Richardson.

In making his motion for the dismissal, Mr. Pandigant read the following statement, which was made a part of the motion:

"In these cases, while the defendants are each of them separately charged with the offense of vagrancy, the fact is that they were all arrested at the same time in the company of one another while in attendance upon a party given at a house on West Twenty-eighth street. Upon going over the evidence available in preparation for the trial of these cases, the first of which is now set for April 5, I find this condition to exist: While quite a number of police officers were part of the party which made the arrests, considerable confusion ensued, following the entry of the house and I find a similar state of confusion also existing in the minds of the officers with whom have talked, as to the specific activities of various of the defendants.

"One of the witnesses, whose testimony was expected to be of importance to the prosecution, is reported to be away from Los Angeles and his whereabouts unknown. And if he were here, I seriously doubt whether, under my oath as an attorney of the court, I should be justified in proferring his testimony as worthy of credence—this in view of what I have been informed as to his own life and character."

"I feel that unless absolutely assured of conviction, in most, if not all, of these cases, we should not render any real service to the community by further airing this matter, which has already received a great amount of notoriety."

"And for this reason, and upon the ground that the evidence is insufficient to warrant us in asking for a conviction, I move the dismissal of the complaints against the defendants."

The said on the Harper residence was one of the most spectacular ever conducted by the police. Some of the party squad officers were in the party, and another member of the force was safely tucked under the bed in one of the rooms during the most interesting parts of the evening's impromptu program.

CALIFORNIA GIRL TO INTERPRET OPERAS.
Interpretations of great operas, interspersed with phonograph selections of the principal parts, will be given in the theater of the Broadway Department Store today and tomorrow at 2:30 p. m. by Miss Harriet Janette Smucker, "the Blue Bird lady," who has just returned to California after more than two years in concert work in the East. She will interpret "Mignon" and "Lakme."

This afternoon and tomorrow afternoon the story of "Pagliacci." The records which will illustrate the lecture were made by several of the most famous singers in the world. Emilie Michel, recently on the Orpheum circuit, will assist Miss Smucker. Miss Smucker also will give an interpretative reading of part of Edward Sheldon's play, "Romance" this afternoon, and read Zangwill's, "The Melting Pot," Wednesday afternoon.

Since using Resinol I have not worn a veil

"I know you will say a veil is smart-looking, anyway, but I wore one because my skin was so blotched and rough. I was ashamed of it, till Resinol Ointment and Resinol Soap took away all the blemishes and gradually cleared my skin entirely. Now I can't bear to wear a veil. Resinol is fine, too, for chapped skins." At all druggists.

Will Compete Against Stanford Athletes Today.

A Trio of Redlands Cinder Stars.

Reading from left to right we have Sawyer, distance runner; Kilby, the quarter-mile, and Wild Bill Yount, the Baptist's all-around stunt man. These men, with representatives from Pomona College, will tackle the Stanford track team at Redlands today. All three won points against the Cardinals in the northern meet. Sawyer, 220-yard dash and broad jump and third in the century.

L. A. HIGH PREVAILS IN TENNIS MATCHES.

The Los Angeles High School tennis team defeated the Pasadena High squad by a score of nine matches to eight on the Pioneer's courts yesterday afternoon. Both doubles matches and the singles argument of Wolf and Dunn went to three sets.

The results follow:
 Ashcroft defeated Greppin, 6-4, 6-2;
 White defeated Horrell, 6-2, 7-5;
 Palmer defeated Call, default;
 Wolf and Greppin defeated Dunn and Ashcroft, 4-6, 4-6, 6-4;
 Palmer and West defeated Call and Selles, 6-2, 1-6, 6-2.

A DUAL MEET.
 Coach Glenn Whitte of Los Angeles High School yesterday announced that a dual track meet with Pomona High will be held on the local grounds April 16.

TO HOLD TRACK MEET.
 Bakersfield will be the scene of the State High School track meet, which will be held on April 24.

SEALS TO HOOK UP CHICAGO CUBS TODAY.

CHICAGO, March 29.—The Chicago Cubs will open a seven-game series here tomorrow. They will play the Seals Tuesday, Wednesday, Friday, Saturday and Sunday afternoon and will battle the Oaks at Oakland Thursday afternoon and Sunday morning. Casey Smith is slated to pitch the opening game against the Cubs tomorrow.

Smith, Couch, Scott and Seaton are in pretty fair shape and they will all take a back at the big leaguers. Ray Jordan is having trouble with his knee, but he, too, may be given a chance to show the Sam Lewis one of the longest pitchers in any league, may also oblige.

Because of the cramped condition of the catching staff, Fred Anderson will be first, second and third-catcher in this series.

Aside from the crippled catching department the Seals are in pretty fair shape and the games this week should just about put them in physical and mental condition to give the Tigers a tough battle next week.

The Tigers are coveting about the grounds today trying to locate the various humps, hollows, etc., that will make a baseball act queer.

PASADENA TO BUILD OLYMPIC GAMES FIELD.

PASADENA, March 29.—The Pasadena Tournament of Roses Association has been asked to manage the western Olympic games to be held here on June 26 and the city of Pasadena has been asked to build the field. Both invitations will be accepted.

Robert S. Weaver, president of the Southern California Amateur Athletic Union, was a caller in Pasadena today, attending to these details. He conferred with the Commodore and officials of the Rose Tournament and Board of Trade. All concerned in the plans proposed.

A track will be specially built at Tournament Park for the holding of the tryout meet. Coach Raymond Call of the California Institute of Technology and a prominent A.A.U. man will supervise the construction of the track.

POLISH PEACE TERMS READY NEXT MONTH.

WARSAW, March 29.—The Polish government is at work on the peace terms to be presented to the Russian soviet government. The terms will be finished before the departure of the Polish delegates for Borysov (fifty miles east of Minsk) where the Poles have proposed that the meeting with the Russians shall take place. April 10, or later, is expected.

SHAPING NEW ARENA FOR THE HORSE SHOW.

SANTA BARBARA, March 29.—Col. A. C. Gilliam, commanding the Presidio, Monterey, arrived here today for the purpose of inspecting the new arena on the Ambassador Hotel grounds where the second annual horse show is to be held, April 7, 8 and 9.

Among the equine lovers who will be represented in several of the more notable classes are Roy M. Pike, who will show Gurnet, Edith Adams, Scout and Valiant, horses that have captured stellar honors at previous horse conventions.

F. E. Bowles will have on display Charman-Pavane, a mount that attracted unusual interest last year, together with Big Enough, De Ross and Majestic.

Thomas Mangum, who made a sensational hit at the 1919 meet, arrives next week with a string of jumpers and polo ponies. From San Francisco also comes Vivient, owned by J. C. Ahlers, with a long pedigree.

F. F. Sullivan has announced the entry of his high jumper, Timber Topper.

TEAM TO INVADE JAPAN.

CHICAGO, March 29.—The University of Chicago baseball team will leave for its tour of Japan April 17. It was announced tonight. The team will arrive in Tokyo May 14.

SACRAMENTO, March 29.—Sacramento has been made the headquarters for the entire Sacramento Valley of the Naval Reserve Force. Two eagle boats and a hydroplane will be attached to the station to be established in the capital.

TO STAGE ASCOT PARK FINALS.

That the contestants, many of whom came to Los Angeles from far distances, might have equal chance at the championships in the St. James, it was announced last night by Chairman George R. Bentel that the finals would be held at Ascot next Saturday and Sunday. The original programme, had it been possible to follow it, would have brought the finals yesterday, but the two days of postponement, on account of rain, made the racing of the day.

ORANGE TEAM PARADED.

One of the greatest demonstrations in the history of Orange yesterday was tendered the home-coming and victorious high school basketball team, which on Saturday night won the championship of the State by defeating Stockton High School's five by a score of 45 to 23 at Stockton.

The whole student body of Orange High School turned out to meet their representatives at the train and a gigantic parade was formed to escort them about town. Pennants, banners and flags waved on every hand and cheer after cheer rent the air as the procession wound its way about a business district. Classroom doors closed for the day.

BUILD BONFIRE.

Last night on the High School campus a monster bonfire told the country for miles around of Orange prowess. Gathered about the blazing pile prominent merchants and won the title.

CINDER TEAMS AFTER REVENGE

Redlands-Pomona Squad to Clash Again with Cards.

Wild Bill Yount will be at His Best at Home.

Preliminary Heats Today in City Track Meet.

Determined to retrieve the 71 to 56 defeat handed them by the Stanford track team in the north ten days ago, a combined Redlands-Pomona cinder squad will contest with the Cardinals at Redlands today. It is the first time in the history of the city that a Stanford team has invaded Redlands, and in honor of the occasion all business houses will close at noon.

The northern athletes worked out on Bondard field yesterday, and this morning, Coach Maloney will take his brood down to the Baptist town for the big doings.

Though the coaches of the southern squad are predicting nothing at all it is just possible that Stanford may come in for a merry trimming.

Wild Bill Yount will be at his best on the home lot and Redlands all-around performer may make enough points to twist the score in the home product favor. At Pomona also Bill will be in the thick of it over too many hurdles in the 120-yard event, and was disqualified. He only made ten points that day. Saturday at his best and the southerners picking up the third that went to Stanford, up north, it is not at all unlikely that our folks may register a victory.

BIG SAGE HEN.

Wildness of Pomona, who was beaten by Gillespie at 126 ft., may be expected to do better nearer home. The big Sage Hen has tossed the disc 135 ft. in practice and 127 ft. in competition and looks a lot better than the mark at which he was defeated.

There are so many ifs and possibilities in the shoot that it is one of the most exciting and closely-contested affairs held in the city.

While the collegiate cinder diggers are doing their bit at Redlands the preliminary heats in the big City League track meet will be run off on Occidental Field this afternoon. The prelims originally were scheduled for Saturday, but Friday afternoon's moisture put the quietus on the proceedings. The finals will be run off tomorrow.

Over 250 individual athletes are entered in the big trap meet. A "varsity" team will be selected by the City League with the exception of Jefferson High School. The field officers have been selected:

Starter: Enter H. H. Fenton; Judges of finish: W. C. Wilson, J. C. Siegler, Seth Van Patten and Fred Kelly; the Referee: H. H. Fenton; Carl Mueller and C. T. Moore; Inspectors: T. B. Trueman and Harry Sloan; measurers: J. Corey and H. Sloan; scorer: H. H. Fenton; timekeeper: H. H. Fenton; manager: J. P. O'Mara.

EAST VARSITY SQUAD INVADERS BERKELEY.

BERKELEY (Cal.), March 29.—Fifteen University of Illinois track athletes, accompanied by a coach, manager and trainer, arrived today to compete against the University of California squad in a dual meet here. The Illinois team, led by Coach H. H. Fenton, will arrive tomorrow, completing the eastern team's personnel.

SOLON FANS PLEASED WITH THE 1920 TEAM.

SACRAMENTO, March 29.—Sacramento baseball fans are showing more than the usual amount of interest in the team Bill Rodgers has collected for the Capital City this season, because there are three native-born Sacramento boys on the roster—"Rick" Eldred, outfielder; Les Sheehan, third baseman; and Herb Kuns, pitcher. All indications point to the greatest crowd in the city's history at the opening game on April 6, when the locals meet the Seattle team. Rodgers has already selected his battery for the opening contest: Walter Mills, pitcher and Forrest Cady, catcher. The line-up will probably be: McGaffigan, second base; Middleton, left field; Compton, right field; Mollwitz, first base; Eldred, center field; Sheehan, third base; Orr, shortstop; Cady, center; Mills, pitcher.

DUGUID TO ENTER A.A.U. MAT BOUTS.

Wallace Duguid, heavyweight wrestling champion of Southern California, will leave this morning for Birmingham, Ala., where he will enter the national A.A.U. championship to be held in that city on April 6.

Duguid was to have been accompanied by Johnny Humerich, the lightweight champion, but Johnny developed a boil on his wrist, and the heavyweight will be the only L.A.A.C. man to make the trip.

ZBYSKO TOPPLES OVER MATMAN OLIN.

NEW YORK, March 29.—Stanislaus Zbysko, Polish heavyweight wrestler, threw John Olin of Finland, in a catch as catch can contest tonight, in 53 minutes and 27 seconds with a combination body and toe hold. The bout preceded one between Jim London, Greek title holder, and William Demetral, challenger, who lost the title to London recently.

AUTO THIEVES COP ONLY THREE.

Motor-car thieves loaded on the job yesterday and only three machines were stolen from the streets of Los Angeles during the past twenty-four hours. Persons seeing any of these cars are requested to report same to Erven, Hickok or Rose of the Auto Club theft bureau or to police officials:

Cole, 1917 touring, dark green body, license 248-468; Dodge, 1920 touring, black, 275-112; Ford, 1919 touring, black, 217-458.

DEL MONTE AWARDED BIG MERMAID RACE.

CONTEST TO COME OFF DURING ANNUAL WATER CARNIVAL JUNE 11-12.

[SPECIAL CORRESPONDENCE.]
DEL MONTE, March 29.—James D. Thurman, chairman of the championship committee of the Pacific Association of the A.A.U., has notified the Del Monte Club that it has been awarded the women's junior 100-yard free-style race to be held during the annual water carnival here on June 11, 12 and 13.

The feature event is expected to attract the entry of a number of star swimmers in the Pacific Association district.

In addition a full programme of events will be staged as has been the custom in years past. The picturesque open-air Roman plunge will be used for the preliminary events for the first two days and Saturday the finals will be contested at the inclosed Del Monte Bathing Pavilion.

This girls' swimming carnival has come in for a great deal of attention it brings together the star girl swimmers on the Coast every year and permits them to settle the aquatic events.

The Pacific Association has already given its sanction for the carnival.

DEL HOWARD FEELS CHEERFUL OVER OAKS.

OAKLAND, March 29.—Manager Del Howard was feeling quite cheerful today over the four wins that his Oaks put over Saturday and Sunday, so he did not put his athletes through a very stiff practice. The regular Yarnigan game was cut out, and a few hours spent in hitting and fielding practice.

Howard faces a tough puzzle in picking the players he will carry to Los Angeles for the opening series, but says he will be able to make a full squad next Wednesday morning.

That means that Secretary Herbert McFarland is now preparing about a half dozen blue envelopes to be handed out to that. Three pitchers and a few infielders will have to go. Henry Glagard of San Diego was pinning flies in the outfield today and it may be Howard intends to use the youngster as utility outfielder in the absence of Claude Cooper. Tomorrow afternoon the Oaks will stack up against the Phoenix team of St. Mary's College.

SOLON FANS PLEASED WITH THE 1920 TEAM.

SACRAMENTO, March 29.—Sacramento baseball fans are showing more than the usual amount of interest in the team Bill Rodgers has collected for the Capital City this season, because there are three native-born Sacramento boys on the roster—"Rick" Eldred, outfielder; Les Sheehan, third baseman; and Herb Kuns, pitcher. All indications point to the greatest crowd in the city's history at the opening game on April 6, when the locals meet the Seattle team. The bout preceded one between Jim London, Greek title holder, and William Demetral, challenger, who lost the title to London recently.

TROUT FISHING PROMISES GOOD.

Recent Rains Bring Streams Back to Normal Size.

Ventura and Santa Barbara Counties Fine Grounds.

Places Can be Reached in a Few Hours' Drive.

BY CEPH SALISBURY
 Of the B. H. Dyes Company.

Just returning with great gobs of first-hand information, the Dyes Buick trout catches have covered the territory that will open on April 1 thoroughly, studying stream and road conditions.

The recent rains have changed conditions completely as they existed a week ago. Where streams a short time ago, were barely large enough for an average sized trout to navigate, today they are back to normal size and good fishing is sure to be had.

The roads are all in fine condition and the streams in Ventura county can be reached in two to three hours easy driving. Parties going to Santa Barbara county streams can make the drive in four or five hours over good roads.

Following are roads traveled and streams visited by the scouts:

HERE'S ROUTE.
 Out Seventh street to Vermont avenue, thence to Hollywood over Calumet Pass, thence straight through Lankershim to San Fernando boulevard, thence to the left to San Fernando and Saugus, then keep to the left at Saugus to Castaic, Piru and Fillmore. After passing Fillmore and crossing a bridge over the Sope River, turn to the right. This takes you up to Henley's Camp where a good place to camp is to be found and miles of pretty water in each direction is waiting for the fly-caster, or bait-caster.

From Henley's Camp you return to the main highway again and continue on to Santa Paula. Here turn to the right and follow up the Santa Paula Creek to the forks where the Santa Creek empties into the Santa Paula.

Travel up the Santa Paula as far as the falls and good fishing is to be had in this three-mile stretch.

SADDLE HORSES.
 From the Sitar keep on the main road to Nordhoff and here you get saddle horses and make a fourteenth mile ride over the Galdier trail to Lathrop's Camp on the Upper Sepe. Here you will find excellent accommodations and trout fishing par excellence. The inexperienced fisherman can secure the limit here without straining his imagination as with in the radius of three miles, four fine trout streams teeming with trout are at your disposal.

Returning to Nordhoff continue on to Matilla Creek and follow up this stream through Matilla Hot Springs to Leone's Camp. All indications point to the greatest crowd in the city's history at the opening game on April 6, when the locals meet the Seattle team. Rodgers has already selected his battery for the opening contest: Walter Mills, pitcher and Forrest Cady, catcher. The line-up will probably be: McGaffigan, second base; Middleton, left field; Compton, right field; Mollwitz, first base; Eldred, center field; Sheehan, third base; Orr, shortstop; Cady, center; Mills, pitcher.

DUGUID TO ENTER A.A.U. MAT BOUTS.

Wallace Duguid, heavyweight wrestling champion of Southern California, will leave this morning for Birmingham, Ala., where he will enter the national A.A.U. championship to be held in that city on April 6.

Duguid was to have been accompanied by Johnny Humerich, the lightweight champion, but Johnny developed a boil on his wrist, and the heavyweight will be the only L.A.A.C. man to make the trip.

ZBYSKO TOPPLES OVER MATMAN OLIN.

NEW YORK, March 29.—Stanislaus Zbysko, Polish heavyweight wrestler, threw John Olin of Finland, in a catch as catch can contest tonight, in 53 minutes and 27 seconds with a combination body and toe hold. The bout preceded one between Jim London, Greek title holder, and William Demetral, challenger, who lost the title to London recently.

SLUGGERS TO MEET TONIGHT.

George and Shade to Biff Each Other at Doyle's.

Colima and Nelson Carded for the Semi-Windup.

Six Bouts Promise Plenty of Fervid Action.

A few months ago George Shade had the better of a bout with Young George and was given a draw decision. Tonight Shade meets the local favorite again and he is confident that he will win so decisively that there will be no question as to the outcome.

Shade is regarded as one of the best of the San Francisco welterweights. He is a fair boxer and has a heavy wallop. George is the heaviest hitter among the local boxers and has been improving in his recent starts. The two figures to put up one of the best main events staged here in weeks.

Bert Colima and Al Nelson, the latter a San Francisco boxer, will meet in the semi-windup. Colima has long been trying to break into the main event class along with Young George. The Shade brothers and other top-notchers and he has been promised a chance in select company if he can dispose of the northern boxer tonight.

Charlie Roselli will meet Sailor Kramer in the fourth bout on the card. Roselli is a clever little fellow while Kramer is an aggressive scrapper of the mauling type.

Benny McCoy will meet Joe Brown at 135 pounds and Sailor Renshaw will meet Dick McMans at 145 pounds. Joe Miller and Red Brennan, a pair of featherweights, will box the curtain raiser.

The following is the complete card:

Young George vs. George Shade, 145 pounds; Al Nelson vs. Bert Colima, 145 pounds; Charlie Roselli vs. Sailor Kramer, 132 pounds; Benny McCoy vs. Joe Brown, 132 pounds; Sailor Renshaw vs. Dick McMans, 145 pounds; Joe Miller vs. Red Brennan, 122 pounds.

VOSKELL FEATURES ON TENNIS COURTS.

[BY A. P. NIGHT WIRE.]
NEW YORK, March 29.—Victory of S. Howard Voskell, New York, twice champion, featured the third round of the national indoor lawn tennis tournament today. He defeated Frank T. Anderson, Brooklyn, 6-3, 8-6, 7-5.

Other important matches in the round were as follows:
 Vincent Richards defeated Carl Joffile, 6-2, 6-4.
 Samuel Hardy defeated Arthur S. Gragin, 6-4, 6-2.
 J. D. Ewing defeated C. A. Deane, 7-6, 2-6, 2-6.
 Gene C. Shafer defeated Charles Anderson, 7-5, 6-2.
 W. H. Rothford defeated Abraham Hansford, third, 4-6, 7-5, 6-3.
 William H. Fischer defeated Abraham Hansford, Jr., 7-5, 6-3.
 Percy L. Kravson defeated Bird J. Stair, 6-4, 6-3.

Mormon Fans Jubilant Over Bees' Prospects for 1920.

BEES EXPECT HONEY SEASON.

Salt Lake Management Delighted with Team.

Fans Put Great Faith in Boss Ernie Johnson.

Still Have Hopes of Krug Joining the Fold.

(SPECIAL CORRESPONDENCE.)

SALT LAKE CITY (Utah) March 29.—Salt Lake city is getting ready for the biggest baseball year in its Coast League experience, financially and otherwise. Although Secretary Jack Cook has not even sent out his annual announcement that "the honey season will open" on a certain date, he has already received remittances for more season's box reservations than the Bee management enjoyed during the entire 1919 season.

This President H. W. Lane, states, is surely indicative of the greatest year in Salt Lake baseball, and with Ernie Johnson whipping into shape the best little ball club this city has ever had, the national pastime is due for a big year.

"San Francisco may edge us out on receipts this season," declares the Bee secretary, "but I'll be mighty

NORMAN ROSS RETURNS HOME.

(BY A. P. NIGHT WIRE.)

VANCOUVER (B. C.) March 29.—Norman Ross, California champion swimmer, arrived here Saturday from Australia, where he won several title events. He was on his way to Chicago to compete in an indoor meet.

surprised if any other city in the state does."

IMPROVE FIELD.

The local management is already engaged in putting the Bonneville field in even better shape than it was year. Various improvements are being made in the stands and throughout the plant generally and, when the Beavers and Bees trot out for the big opening on the first Tuesday in April, they will find a much improved lot.

Ernie Johnson's daily bulletins to headquarters indicate that the new shipper is bubbling over with enthusiasm. Joe Jenkins, the new receiver from the White Sox, is one of the most talked-of men in the camp and, according to Bill Rummel and Ernie Johnson, is due to set the record "here." Dutch Byler will have the catching duties with him, as he did with Tub Spencer last season. In addition, Johnson has a young catcher named McIlenny, who is making a very favorable impression and who will probably be called throughout the season.

LEFTY ON JOE.

Among the pitchers, right-handers Mattison, Baum and Stroud are convincing Johnson that they will be dependable hurlers this season.

HERZOG DECIDES TO UNDERGO OPERATION.

(EXCLUSIVE DISPATCH.)

CHICAGO, March 29.—Word was received today at the offices of the National League baseball club here that Charlie (Buck) Herzog was on route from the training camp in California to Chicago to undergo an operation for relief from hernia. Herzog decided he could not play a bang-up brand of baseball while wearing the harness prescribed by Coast doctors, June 1 is the earliest possible date that Herzog can expect to get back into the pastime.

The absence of Herzog puts the golden opportunity up to Barney Freilberg. Manager Mitchell will have to decide in a hurry whether or not the youngster can fill the gap and if not he will have to get busy and try for a trade that will land a seasoned second-sacker.

CORONADO JUNIOR POLOISTS VICTORS.

(BY A. P. NIGHT WIRE.)

DEL MONTE, March 29.—The Coronado junior polo team, starting with a handicap of five goals, defeated the Del Monte Juniors here today 10 to 7½ in the first match in the tournament for the Pebble Beach cups.

Carleton Burke of Coronado was the individual star. Ernie Peckley's playing featured for Del Monte. Coronado obtained a commanding lead at the start and maintained it throughout the game. Half-time score was 3 to 1½ and it was only in the last three periods that Del Monte scored with any consistency.

SHAW OF CHICAGO FIRST IN BOWLING.

(BY A. P. NIGHT WIRE.)

PEORIA (Ill.) March 29.—The first 700 score of the 1920 tournament came late today at the American Bowling Congress when Joe Shaw of Chicago counted 713, to take first place in the individual event. Leaders in other events were safe throughout the all-day attack.

REDLANDS NINE TO START AT SAN DIEGO.

(SPECIAL CORRESPONDENCE.)

REDLANDS, March 29.—The baseball team of the University of Redlands will start its season with a game with San Diego High School on Wednesday. The boys will leave in a big bus immediately after the track meet with Stanford on Tuesday afternoon.

Coch Cunningham has announced that he will take every man who makes any pretense of playing. The next practice game will be with the Sherman Indians in Riverside on Saturday.

Harold Scott, manager of athletics at the university, has announced the following schedule for the year's conference games:

April 10, Redlands at S.B.U.C.; April 14, Pomona at Redlands; April 17, Redlands at Occidental; April 24, Redlands at Whittier; May 1, Redlands at Throop; May 3, S.B.U.C. at Redlands; May 13, Redlands at Pomona; May 15, Occidental at Redlands; May 23, Whittier at Redlands; May 29, Throop at Redlands.

TROUT FISHING PROMISES GOOD.

(Continued from First Page.)

trout are always to be had. Here also the North Fork affords good fishing.

From here to Ventura, about thirty miles of beautiful stream is available to the fisherman. Next go to Wheeler's Hot Springs, located on Wheeler's Creek, about four miles above Matilla. Here accommodations may be had, also beautiful camp sites.

From here, the Dyas party traveled down the highway to Ventura.

UP THE COAST.

From Ventura, travel up the Coast highway to Santa Barbara following the ocean for miles over wonderful roads. After passing Santa Barbara turn to the right up over San Marcos Pass, then down and along the Santa Ynez River. This road is far from being a paved highway, but by the great distance saved by going over it, it is well worth while.

Fine fishing should be had the entire distance of the Santa Ynez, as the Fish and Game Commission have for the past several years made liberal plantings of young trout in this stream.

From here you follow down the Santa Ynez River to the Old Town of Santa Ynez and from there into Los Olivos, where good accommodations are to be had at Matine Tavern. Here fishing information may be had regarding the Santa Ynez River. Squire River and Zaca Lake. From Los Olivos you drive to the Santa Ynez Mission then to the town of Solvang, located between the mission and the Santa Ynez River. Here accommodations can be had and good fishing is at your disposal both up and down the river from here.

It's a cinch to figure why Camels sell!

"My but that's a good cigarette!"

You can't help saying that about Camels from the day you get acquainted with Camels quality, blend and flavor!

Get the idea at once that Camels are unlike any cigarette you ever smoked—that's why smokers call Camels a cigarette revelation! And, no matter how generously you smoke Camels never tire your taste—they're always refreshing!

You should know why Camels are so unusual, so delightful, so satisfying. First, quality—second, Camels expert blend of choice Turkish and choice Domestic tobaccos which you'll certainly prefer to either kind smoked straight!

Camels blend makes possible that wonderful mellow mildness—yet all the desirable body is there to any smoker's absolute satisfaction!

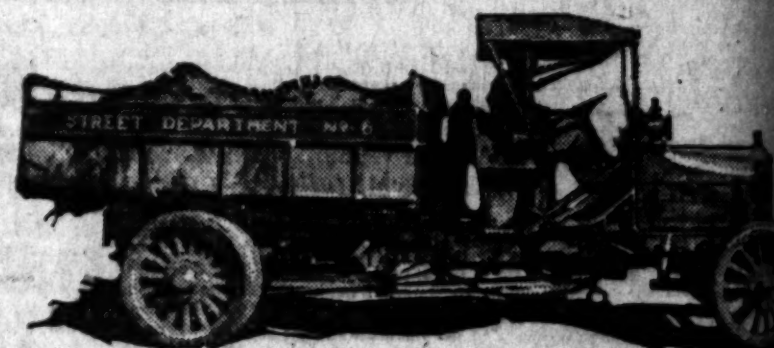

How you'll appreciate, too, Camels freedom from any unpleasant cigarettey after-taste or unpleasant cigarettey odor—a cigarette revelation all by itself!

Compare Camels puff by puff with any cigarette in the world at any price! At once you'll know why Camels sell!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 30 cents; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

48 of the First Fifty

Pierce-Arrow trucks have lasted 8 years and are still running. The average life of the average truck is much less. Compare costs on this basis.

Be sure the make of truck you buy has behind it years of service. If the present model differs from last year's model, it is still an experiment.

No. 18 has served the City of Seattle since August, 1911, and covered more than 90,000 miles. Conditions under which it operates are particularly severe, but it has stood up and rendered such dependable service that three additional Pierce-Arrows have been purchased for similar work. It is paid for itself several years ago, but shows no diminution of power, and there is reason to expect years of additional service.

REVIEWS.

"THE TOLL GATE."
WILLIAM HART REGISTERS FINE ACHIEVEMENT.
By Edwin Schallert.

All power to those stars who set a higher mark for themselves upon the signing of a new contract. William H. Hart, in "The Toll Gate," which is showing this week at Grauman's, is apparently one of them. And if the features that come after this, his first new release, are equally as noteworthy, the celebrated interpreter of western ideals will have produced a series of classics that will well-nigh take rank with the stories of a Bret Harte.

"The Toll Gate" is one of the finest pictures that Hart has yet imbued with the virtue of his presence.

The first thing that recommends the new feature is the strength of the story. The primitive growth of the theme is now weakened by grafting on the sentimental happy ending.

The development of character is allowed to flourish in the face of the tempo, which, though it mangles the branches, cannot shake the stem of what is real and true in the lives of the people.

The great movement of the drama is the scene where the escaped bandit comes face to face with the wife of the man he betrays. Hart himself and his band, to save himself as he poses as the woman's husband. He is forced to enter her room at night to continue the deception. Outside the door watch the Sheriff's men. Then he makes the discovery of who he is. For one moment the midnight darkness of revenge takes possession of him, but the woman's trust in him is the light which guides to his redemption and her safety.

There is nothing conventional about the close of the picture. No cut-and-dried clinch. Instead a line passing through the toll gate toward the new life, among new people; the woman going back to her own with her child by marriage.

There is hardly ever in this picture that tendency of Hart's to force expression. One perceives a new repose in his acting, a finer, grained mobility of countenance that conveys deeper undertones of meaning of far more potential than the usual home emotion. Black Deering is without doubt one of the actor's greatest achievements.

Anna Q. Nilsson gives a portrayal of deep feeling as the wife. Master Richard Headrick contributes a touch of child fascination. Joseph Singleton visualizes a mean yellow sort of man whom you're glad to see dropped over the cliff on the failure of his last piece of treachery. The soldiers' bits are well done, although one boy tries to act all over the place during a brief flash. The photography is one of the impelling things, especially the lurid effects in some of the early scenes.

Ed Grauman has a snappy surprise prologue to the film, but the best of the additional attractions is the little dance and acrobatic novelty—a child's dream of what happens in a garden of statuary.

A new evolution of popular song writing, entitled "Myself," was applauded that would ordinarily have stopped a performance. But the picture bills nowadays do not have time for extras.

Speed and variety work overtime on the bill at Pantages this week. The opening show, required, explanations and apologies interspersed to keep the show from running too long on the strength of apocryphal.

The headline of the bill is a rapid moving dancing act, with plenty of jazz and comedy to hasten the general activities. The group of jockeys call their act "Holiday in Disneyland."

Edwin Blonoff and Lila Bliss, who are artists out but not in a sketch "The Boy from Home," will keep right on going over the circuit, leading from the reception which has given their little comedy sketch. Charles O'Connell mingled piano harmony with humor, his take-off on a comic opera is especially good. Dainty Mary Ann also pleased with her character song, "When a Feller Needs a Friend," and her dancing and singing.

A trio of harmony singers, a group of posing models with trained horses and dogs taking part, and Al Penberthy in songs add to the attractiveness of the programme. Antonio Moreno furnishes the excitement in his serial thriller.

HIGH AND LOW SPOTS ON ORPHEUM BILL.
Don't become despondent because every act doesn't kick the hat this week at the Orpheum. There are bound to be some flivvers in a blue moon. And this is one of the foggy periods. The lights don't shine as brightly as usual on the joyous variety.

But, even though there are some very low spots in the present entertainment at the Orpheum, there also are some high ones. And for those who didn't see it last week or last summer, the Marion Morgan dance act is a spectacular joy feast of the higher-brow type. I never could see, though, why such emasculated music should be selected for a not the artist, but the patriot.

GUY EMPY PLAY AT THE WALKER.
Guy Empey has struck the two extremes in photoplays—at least in the matter of titles. Last year his vehicle was "Over the Top," now it is "The Undercurrent." He wrote both of them, but the first was in the form of a narrative, and a mighty interesting story—what the second is his own honest-to-goodness scenario.

"The Undercurrent" is a black and white story, but a good deal of the act could have remained tied up in a jam, and would not have been missed.

"A Golf Proposal" smears on sentiment in an effort to be funny, and oh, how they hate themselves! In such a way, though, they have a session with saxophone, cornet, banjo, etc., please greatly in the opening spot.

FLASHES.
A FROLIC OF FUN.

NORA BAYES ROMPS 'ROUND IN TUNEFUL SHOW.
By Grace Kingsley.

Nora Bayes calls it a musical comedy, and she ought to know, because she wrote a lot of it herself, with the assistance of Frank Smithson, who tinkled out some of the danceable tunes, and Harry B. Smith, who acknowledges he got what book there is from Charles Hoyt's "A Contented Woman." Personally I'd just call it a show, and let it go at that. But what a show! I may again, what a show! There may be a few hiccups in the book, and there's an impediment in the satire, but for all that, it's the best musical entertainment that's passed the Mason since petite Mitzi tickled us in "Head Over Heels."

Every few minutes, to be sure, the satire sat down and let the piece turn into vaudeville, and ever and anon, for no reason whatever, somebody sang a song that hadn't anything to do with the plot, if there was any. But there isn't a moment when "Ladies First" doesn't sparkle, and it's very Tiffany, indeed, every minute the picture Nora is on the stage. The cast is announced as the original New York company, and you don't have to believe easily to decide that it is.

The plot is about an engaged couple who quarrel, with the girl allowing herself to become a candidate on the women's ticket for mayor, while her ex-fiance runs on the opposition. There is a very large and firm lady politician, played with strength, all kinds, by the monumental Florence Morrison. Her diminutive husband flirts when off duty. There are some minor characters all delightfully played. All, of course, are for the benefit of the brilliant Miss Bayes, who remains the original cut-up and romps 'round in some stunning clothes, not to mention a brand new blond wig. There are some smart lines, mostly hits on up-to-date questions, such as Nora asking Bennis if he isn't going to run for President, to which Bennis says, "Do you think I could?" Whereupon she answers, "Why not? Don't you like to travel?" while some of the nation's aridness register for a lot of laughs.

Also there's a capital burlesque on movie heroes, acted by Al Roberts, who also does one of the funniest songs in captivity. Every number is joyously conceived. The numbers include "Just the Two of Us," "Just Like a Gypsy," "What a Girl Can Do" and others. Miss Bayes shakes a guilty gaiter, so to speak, when there's nothing else doing.

Individual hits were scored, not only by the star, but by Roberta, Florence Morrison, Arthur Gordon, Arthur Hull, Jerome Bruner, J. W. Ashley, Harrison Greene, George Torrence, Almeda Fowler, Catharine Parker and a tiny pickaninny. If you want to see old John Dull Care put on his hat and go home, be sure to view Nora Bayes's latest comical outburst.

MADLAINE TRAVERSE IN POWERFUL ROLE.
It's not always at the picture houses where there's a big orchestra to cunningly heighten dramatic effects that one finds the best play features. Among the less-heralded attractions this week there's a film drama which for consistent character driving, clean-cut plot, hasn't been beaten in some time. What is more its thrilling physical action has roots laid sufficiently deep in psychological soil to make the results convincing. The picture is "The Hell Ship," and its plot is the Hippodrome, sandwiched in between the peanut-and-popcorn man's obligate and the comedy jugglers.

Madeline Travers is the star and she has the role of a sort of going Amazon, daughter of the brutal captain of a smuggler boat, and a kind of super-Moran of the Lady Lethy. In this play Miss Travers proves herself an actress not only of beauty and personality, but of the highest dramatic intelligence and subtlety.

A girl who has been at sea all her life with her rough father and his brutal crew, and herself a navigator, she plays the role with big, sweeping strokes, half-mannishly, yet always with undertones of a potential womanliness that comes to flower in self-sacrifice when she gives up her younger sister, treasure of the family, to her lover, the man she has rescued from drowning.

Do not remember ever having viewed a more striking characterization on the screen, nor one of deeper appeal. Capital acting on the part of the cast is added to a fine story, and lack of space only prevents my giving a paragraph each to Jack Curtis, Dick La Reno, Fred Bond, Al Keston and Betty Benton. Betty, by the way, has a future.

Despite the seriousness of the story, there are a score of natural touches of incidental comedy, brightening the effect of reality. Sonty Dunlap directed.

The vaudeville acts are snappy, and include Adair and Adair, comedy bar act, Kimball and Kenneth, banjoists; Klipp and Klipp, comedy jugglers; Christy and Ryan, a musical comedy pair, the Carr trio, singers, and Farrell and Company in a farcelet.

COLLIER, JUNIOR, SIGNS WITH LASKY.
Word is just received from Jesse Lasky that William Collier, Jr., 16-year-old son of the well-known comedian, William Collier, has been signed up to play juvenile leads with the Paramount-Artcraft organization.

Young Collier is, even now, on his way from New York. He has a long-term contract, and while he may later be given a special series of picture plays in which to be featured, for the present, it seems, he will play juvenile leads with Lasky stars, or appear in all-star productions.

The present is not young Collier's first attempt at pictures. I remember him well playing a kid lead in a production at the old live studios, about five years ago. He entered the picture with union into his boyish characterization, and we all predicted a big future for him then. Since that time his voice has changed, he has put on Arrow collars and long pants, and has even a wispy mustache, they say.

Raoul Walsh coming.

Raoul Walsh, formerly with Fox, is announced to have signed up with Mayflower. He is on his way west, and will make a picture here with his wife, Miriam Cooper, in the lead.

WEEKLY COTTON REVIEW.

[EXCLUSIVE DISPATCH.]

HOUSTON (Tex.) March 29.—The improvement in the foreign exchange situation had a favorable effect on the cotton market last week, with a delay in preparation for the new crop in Texas. The market was generally firm, with a slight decline in the price of cotton futures. The market was generally firm, with a slight decline in the price of cotton futures.

Statisticians tell us that unless crude oil production is very greatly increased we are scheduled for a gasoline famine.

Over three million barrels of "crude" have been taken from storage in California in the past three months.

It doesn't require a Philadelphia lawyer, therefore, to determine that there is bound to continue to be big money in oil.

The Southern California Oil Co. offers you the opportunity to

Share in the Profits of Production

This company, now developing one of the most promising leases in the famous Montebello-Whittier field, in the midst of big producers, offers its stock at \$1.00 per share (par).

Full information on request.

An Eleventh Hour Opportunity

Frank Oil Co.

Opportunity

We are able to offer 25,000 shares more of this very highly-thought-of security—at PAR

We consider it quite as much of an opportunity to be able to make this offer, under the very bright conditions that appear at the very doorway of the Frank Oil Company's success, as we believe seasoned investors will consider it an opportunity to pick up another block of it, while it lasts.

Read Frank Oil Co.'s Bright Story

The Frank Oil Company is that little Texas company that has set an example for all oil companies to follow, in dealing, in good faith, with the investing public. Here are some of the reasons that induced many investors to buy this stock, when it was offered a few months ago:

- 1—it is incorporated for a nominal 150,000 shares, at a par value of \$1, for which every share has been sold.
- 2—it has disposed of only 80,000 shares, yet it has secured and owns all the properties named herein.
- 3—it has 70,000 shares in its treasury.
- 4—it also owns, without indebtedness, two drilling rigs and two sets of tools and is drilling two wells on two of its most valuable holdings.
- 5—its two drilling wells should be on sands in four to five weeks.
- 6—it has an offer of \$100,000 for its one-half interest in the Deadman 20 acres the moment that the well new drilling "shoots the sand"—it doesn't even have to be brought in. There is splendid production on four sides, nearby, from this well.

This is why we say "Opportunity"

If Frank Oil Co. accepts the foregoing \$100,000 offer it voluntarily offers to us every penny of that money, as "earnings from investments" in dividends among stockholders as a "paid cash dividend."

The Frank Oil Co. will accept that offer, providing the other well, now drilling, also comes into production. This second well also is in well proven ground, a quarter of a mile from a 1000-barrel well. This one tract is believed to be worth \$100,000.

Our word for it—Here's a "real opportunity."

We repeat our faith in Frank Oil Co. as one Texas concern that "shoots fair."

TWO THOUSAND ON THEIR WAY.

Delegates Make Reservations to Great Convention.

Admission by Ticket; League Opens Headquarters.

Keen Interest in Colorado River Discussion.

League of the Southwest officials yesterday stated that any organization, corporation or individual interested in the Colorado River Basin problem who might have been unintentionally overlooked in sending out invitations, should immediately notify the league, 1008 Garland Building, Los Angeles. Credentialed blanks and reservations will be sent them. "We want the widest possible participation in our convention," said the league's statement, "and Los Angeles' own interest in our deliberations ought to be intense."

Los Angeles' own keen interest in the big convention of the League of the Southwest to open at Trinity Auditorium, Thursday, was evidenced yesterday by the large demand for reservations for delegates and visitors.

While Governors, United States Senators and other men of nationwide reputation are on their way to the convention, local committees and officials of the league continued their preparations to welcome and entertain the thousands of visitors.

Secretary Arnold Kruckman, of the league, announced that from the number of credentials for delegates already filed with his office at 1008 Garland Building, he believed an attendance of more than 2000 is assured.

The Ebell Club, of Los Angeles, yesterday notified the league that it had appointed its entire Executive Committee, sixteen in all, as delegates. A number of other organizations in Los Angeles and vicinity have assigned delegates.

Today the league will open a new headquarters at Trinity Hotel, for the accommodation of delegates as they arrive in town and for dissemination of information concerning the convention. The phone number there is Main 6912.

The administration headquarters of the league at 1008 Garland Building, 140 South Broadway, also will be maintained for the same purpose. The phone there is Pico 1919. Both offices will be open from 9 a.m. to late at night, until the convention closes.

There has been a tremendous demand for seats for "visitors," said Secretary Kruckman, "and we desire to accommodate every person, if possible. Admission will be by ticket, and after the delegates have been provided for, the tickets that remain will be distributed to those who ask for them. For convenience such reservations have been and are now being made at the office of Charles E. Palmer, secretary of the Federation of State Societies, at the Continental Bank. All persons wishing to attend should list their names with addresses with Mr. Palmer or at our Trinity Hotel office."

Gov. W. P. Hobby, of Texas, has appointed Eli A. Sanger, of Dallas, reputed to be "the richest man in Texas," to represent the Lone Star State.

Victor E. Keyes, Attorney-General of Colorado and personal representative of Gov. Shoup, of that State, arrived in town last night.

Gov. Simon Bamberger, Utah, and D. W. Davis, Idaho, will reach here tonight with their parties. Gov. Lacroix, of New Mexico, and Campbell, Arizona, will arrive early Thursday morning. William J. Bryson will arrive Friday.

A feature of the entertainment, Thursday night, will be a special performance of the "Mission Play" at San Gabriel.

Plans for the banquet, Saturday night, to end the convention, were yesterday reported fast nearing completion.

ADVISES BRIDGE.

Better than Concrete Ford for San Pascual Road, Says Engineer.

The City Engineer yesterday sent to the City Council a recommendation that instead of the much discussed concrete ford for the Arroyo Seco crossing at San Pascual Avenue, to open up a new route to Pasadena, there be erected a wooden bridge at an estimated cost of \$4400.

He recommended that arrangements be made whereby the city would pay two-thirds of this cost and the City of South Pasadena pay one-third. He also stated that the city of South Pasadena will undertake to secure the necessary land for the extension of San Pascual Avenue in its own territory.

ABOUT FACE ON PAY.

Council Puts off Guide, then Raises Attorney's Salary.

When John Burns, City Hall guide, applied to the City Council yesterday for an increase of \$10 a month in his salary because of the increased cost of living, the matter was referred to the Budget Committee and Councilmen declared there would be no further consideration of rises in salaries during the present fiscal year, but that all such cases must go to the Budget Committee.

Within ten minutes thereafter came up a proposal to increase the salary of the deputy City Attorney assigned to the Harbor Commission's work, and the Council suspended the rules and provided for a \$15 a month increase for this employee.

PLAINTIFF WINS.

In a suit brought by the De Laval Dairy Supply Company against Hart and Francis, to recover for the asserted value of three Lauson tractors sold and delivered, United States Judge Tippet, yesterday, found for the plaintiffs in the sum of \$2413.72. The plaintiffs sued for \$5140.

TRIAL EXHIBIT SWAG RETURNED.

Fortune in Cash was Used as "Evidence" in Hellman Robbery Case.

County Clerk Lampton and Cashier Ward, who have been holding as exhibits in the trial of Arthur and Herbert Brown, convicted of robbing the Union Square Branch of the Hellman bank, \$12,188.77 cash, and \$5500 in Liberty Bonds, part of the loot stolen, turned the cash and bonds over to the Fidelity Deposit Company of New Jersey, bondsmen for the bank, yesterday.

The money was counted in the presence of witnesses yesterday and found to be as it was when sent to the cashier's cage as an exhibit of the court. The order to turn it over to the bondsmen who had refunded the loan, was made by Judge Craig.

FRANCE WILL KEEP FASHION LEADERSHIP.

SO DECLARES LOCAL MAN ON RETURN FROM EXTENDED OVERSEAS TRIP.

Returning from a visit to Europe, where he went the first of the year, B. Straus, buyer of ready-to-wear goods for Jacoby Brothers, declared yesterday that he found Paris filled with as much enthusiasm, and as much originality as before the war.

"We must still go to Paris for the new and the interesting in dress," said Mr. Straus, "and nothing except the possibility of obtaining sufficient raw materials for their purposes can check French makers in their leadership."

Referring to the Egyptian influence upon dress, Mr. Straus gave it as his opinion that the winter visit of French fashion leaders to Cairo is one element in this matter, coupled with the prevalence of the Egyptian motif in plays and in musical extravaganzas. Egyptian red, he declared, will continue in popularity, and will be found as a striking note in forthcoming attire.

"Roumania will also sound a telling note," said Mr. Straus; "the embroideries from this romantic country furnishing the decorative scheme for many of the best of creations."

Mr. Straus spoke most feelingly of the suffering prevalent in France, declaring that nothing which had been reported could compare with the reality of the poverty there.

Mr. Straus bought for his house many novelties in garments and accessories which the extended travel of the greater Jacoby's demands.

"Los Angeles," declared Mr. Straus, "is one of the most prosperous points in the United States today, and it is my belief that we are entering upon an unprecedented era of growth and expansion."

COUNTY THE LOSER.

City Auditor Finds Taxes Collected for Less than Cost.

City Auditor Myers, to whom was referred a letter of Chairman Woodley of the Finance Committee of the Board of Supervisors regarding the cost to the county of assessing and collecting the city taxes, reported to the City Council yesterday, sustaining the statements of Mr. Woodley.

While the city has been paying the county \$12,500 for this work, its actual cost to the county is \$22,350, City Auditor Myers analyzed these figures and came to the conclusion that the estimates and statements were fair and reasonable and that the city is actually getting the work done at far less than cost.

The report was referred to the Finance Committee.

CONTRACT FOR JAIL FOOD.

The City Attorney was instructed by the City Council yesterday to prepare a contract with the Palmon Market Company for supplying meat to the City Jail for the ensuing three months. The rate is to be \$11.48 per 100 pounds for stew chuck.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, imitations and "just-as-good" are but experiments, and endanger the health of children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought

Better than Concrete Ford for San Pascual Road, Says Engineer.

The City Engineer yesterday sent to the City Council a recommendation that instead of the much discussed concrete ford for the Arroyo Seco crossing at San Pascual Avenue, to open up a new route to Pasadena, there be erected a wooden bridge at an estimated cost of \$4400.

He recommended that arrangements be made whereby the city would pay two-thirds of this cost and the City of South Pasadena pay one-third. He also stated that the city of South Pasadena will undertake to secure the necessary land for the extension of San Pascual Avenue in its own territory.

ABOUT FACE ON PAY.

Council Puts off Guide, then Raises Attorney's Salary.

When John Burns, City Hall guide, applied to the City Council yesterday for an increase of \$10 a month in his salary because of the increased cost of living, the matter was referred to the Budget Committee and Councilmen declared there would be no further consideration of rises in salaries during the present fiscal year, but that all such cases must go to the Budget Committee.

Within ten minutes thereafter came up a proposal to increase the salary of the deputy City Attorney assigned to the Harbor Commission's work, and the Council suspended the rules and provided for a \$15 a month increase for this employee.

PLAINTIFF WINS.

In a suit brought by the De Laval Dairy Supply Company against Hart and Francis, to recover for the asserted value of three Lauson tractors sold and delivered, United States Judge Tippet, yesterday, found for the plaintiffs in the sum of \$2413.72. The plaintiffs sued for \$5140.
